Dear Minister

In accordance with section 46J of the *Financial Administration and Audit Act 1977*, and the *Central Queensland University Act 1998*, the Council of Central Queensland University is pleased to transmit to you the following report upon the proceedings of the University during 2005.

As Chancellor, I am delighted to be part of the University's significant strategic renewal and reshaping. The University's position as Australian leader of Export Education has been once again been affirmed with the continued success of the University's international full-fee paying student numbers. The University also remains committed to the development of its domestic student base as an important part of its objective to be a globally focussed, regional tertiary institution.

2006 is set to become a major year as the University begins to implement new strategies and structures that will guide its continued success.

Yours sincerely

R. C. FRITSCHY
Chancellor

R. C. Fritschy,
