

DAILY REFLECTION

Check if this is when gave Zahira pink slip + had to speak to Mum Std 7.3

Date: Day 2 (Wk 3) Tuesday, 25th July 2017

Today was not such a successful day, I delivered a Thras lesson today in a half class split and had used my weekly planner to note the sequence to both groups, however it was not in enough detail for me to deliver a comprehensive lesson. I have learned from this that I am not confident enough with the Thras content yet and will continue to write lesson plans to help me with this. *This relates to Std 3 Evaluate and improve teaching programmes.* (Geography was also rushed, to save time to correct practice...)

Std 3

I was also not on top of the classroom behaviour enough today. I did not do enough positive reinforcement to allow students to move their pegs up the behaviour chart which in turn impacted and increased the negative behaviours and I need to continue to be mindful of this. *Had to put child on thinking mat + give pink slip then talk to Mum about why. STD 7.1*

Std 7.1

On a more positive note I was able to note observations about students in both spelling and reading today to inform my lesson planning. *This relates to Std 3 Evaluate and improve teaching programmes.*

I also attended a staff meeting after school where the Principal spoke about doing Report Cards and he showed examples of exemplary ones. Several teachers also shared best practice around a Maths warm-ups and around a group points reward system. *This relates to Std 6 Engage in professional learning & Std 7 Engage professionally with colleagues, parents/carers and the community.*

Std 6

Consider placement of groups - too noisy in one area

Geog - (S) didn't get concept of place so will add to next wk (see lesson planning 1st Aug)
Need to slow down pace + not talk too much - see lesson plan today. Peer chat worked well but too much content
