# 2017 STUDENT RESIDENCES HANDBOOK

Rockhampton  
and Mackay

*A – Z of Living on Res  
Community Standards*

# Welcome

Congratulations on becoming a part of the CQUniversity Student Residential Community.

I recommend that you read this handbook carefully as it contains valuable information. For most Residents living on campus is a time when you are moving towards independence and I hope that we can offer you the freedom and opportunities to achieve this. By accepting your 'Offer' to live at CQUniversity student residential accommodation you have agreed to comply with the A – Z of Living on Res Community Standards in this Handbook.

Living on campus is an exciting and stimulating experience. It can also be challenging as life in a community inevitably means that you must modify your behavior so it will not have a negative impact on those who live and learn around you. You can expect to make friendships that last a lifetime while you enjoy many cultural and social activities within CQUniversity and the student residential community.

The rules and regulations within Student Residences have been minimised deliberately. This is because we believe that if Residents are mindful that consideration for others is the fundamental and guiding principle of community living, it will result in sensible and responsible behavior. Experience has shown there are a number of areas that warrant special mention as noted in this comprehensive list outlined in the A – Z Living on Res Community Standards.

Please work with the staff so that you enjoy a safe, secure, comfortable and supportive environment ensuring your academic pursuits and personal development has every possible chance of success. Finally please have heaps of fun and huge success in your studies.

## A

### 1. A – Z of Living on Res Community Standards

In 2017 the A – Z of Living on Res Community Standards replaces all previous Residents Handbooks. It provides valuable information in an alphabetical format to assist residents and guests that reside on Res.

### 2. Abandoned Personal Property

While every effort is made to locate the owner of any item left in the Student Residences precinct, your ownership of personal property is deemed to have transferred to CQUniversity at the expiration of 7 days after you vacate or terminate your accommodation. CQUniversity may thereafter sell or otherwise dispose of the property without any obligation to you for the property or the proceeds of its sale. CQUniversity may recover from you any costs it incurs in the storage or disposal of any such property.

It is an offence under the [‘Criminal Code Act 1899 \(Qld\)’](#) to unlawfully take equipment, or resources from CQUniversity, or the property of other persons.

### 3. Absence from Student Residences

Residents are able to come and go from Student Residences as they wish however as we are a caring community you need to advise your RA if you will be off campus overnight. Residents who intend to be absent from Student Residences for more than 24 hours must notify the Office. It is important in the event of a fire alarm or other emergency so we can account for all residents. You will need to return your key to the Office for periods of absence of one week or more.

If you are absent from your room for 7 or more days and have not advised the Management of Student Residence, you will be considered to have abandoned your room. Student Residence may then terminate your Residency Agreement, dispose of any property remaining within the residences (at your expense), and then re-rent the room. In cases of prolonged absences you remain liable for accommodation costs according to the terms of your Residency Agreement. If you fail to return your room key within the 7 day period, you will also be charged for a new key.

### 4. Academic Calendar

CQUniversity has an official academic calendar issued to all students. It shows important dates within the academic year. The current academic calendar is available on the university's website.

### 5. Academic Records

Management of Student Residences will have access to your academic records on a strictly confidential basis. At the

beginning of each term Management of Student Residences is able to review the academic results of all residents. Residents are expected to demonstrate a sound academic record in accordance with University requirements. Residents experiencing difficulties with their studies will be encouraged to utilise the relevant university student support services.

### 6. Academic Success

Student Residences is an integral part of CQUniversity education framework and endeavours to provide an environment that is conducive to study. Your progress is of great interest to us. We will, where possible assist you in achieving your best. You are welcome to approach your RA or the Management of Student Residence to enquire about student academic support. It is important that you achieve an appropriate balance between all aspects of your life (ie. academic, personal, sporting, cultural and extracurricular).

### 7. Academic Study Centre/Room

- *Rockhampton BLD 59*

The Academic Study Centre is located in BLD 59 adjacent to B60 (Jardine/Hopkins Laundry). It is air-conditioned and available to residents 24 hours a day. It is to be used for study purposes only. The Duty Team checks this room on the nightly Duty Rounds, and all electrical equipment not in use is to be turned off at this time. Residents who are still using the room will be asked to turn off the remainder of electrical items when they leave.

- *Mackay BLD 751*

In late 2016, Management of Student Residences was given permission to turn the old Mailroom in BLD 751 into an academic study area. Residents are encouraged to use this room which is quiet and air-conditioned. The PODs Common Room in B763 is also available for studying but can also be utilised by residents to watch TV and movies and therefore may not be a quiet environment conducive of study. Please speak to the Office staff to organise appropriate access to BLD 751 until 10pm Monday to Friday.

### 8. Access to another Resident's Room

At Student Residences each resident is allocated their own private room which is their personal space. Under no circumstances will anyone else be permitted to enter that private space without the resident giving their verbal permission to an RA or the Office staff. If another resident has been given permission to enter, an RA or Office staff will accompany the resident at all times.

Management of Student Residences reserves the right to enter any room if they have reasonable concerns for the resident. If a resident lodges a maintenance request, they automatically give approval for maintenance staff to enter their private room to carry out repairs etc.

## 9. Accidents and Incidents

CQUniversity Security Officers are the official first aiders. Security Officers should be informed immediately of an accident involving a resident or visitor that occurs within the Student Residence precinct. For minor injury management (skinned knees etc.) the RLT have access to a supply of Band-Aids. In the event of a more serious accident an Ambulance should be called immediately, the Office and/or Residential Life After-Hours Coordinator informed.

Workplace Health and Safety legislation requires Student Residence to record all accidents, incidents and hazards that have occurred or are identified. An incident report must be completed and returned to the Student Residence Office on either campus. Please contact the Office for assistance in completing the report.

CQUniversity Policy/Procedure;

[Safety Health Environment Workcover Sustainability Incident and Hazard Reporting and Investigation Procedures](#)

## 10. Activities and Events

Student Residences organises a number of activities and events which all residents are able to participate in. Attendance at official functions such as House Dinners and Professorial Lectures and Awards Night will be compulsory for all residents. Various sporting and social events and Student Residence Ball are not compulsory however we strongly encourage residents to attend to experience all facets of life on Res. The Activities Team assists with the organising of many social events such as outdoor sports, movie or board games nights and Scholar's Inn events for residents.

## 11. Admissions

Prospective residents wishing to apply for admission to the Student Residence in Mackay or Rockhampton must lodge their application for residency via the Student Residence Accommodation Portal and pay the relevant Application Fee. Each application is considered on its own merit and the Management of Student Residence retains the right to accept or deny applications.

## 12. Alcohol

CQUniversity has a document relating to *Alcohol and Other Drugs Principles* which states staff, students and contractors must;

- comply with CQUniversity safety, health and environment working procedures
- be in a condition where they are not adversely affected by alcohol or other drugs whilst they perform their duties;
- not wilfully or recklessly endanger the health and safety of any person at the workplace
- ensure binge drinking and drinking games are not permitted in Residents' rooms or on student residence grounds
- not consume alcohol in public areas of the student residences

- be aware that intoxication will not be accepted as an excuse for unacceptable behaviour
- ensure no Resident or their visitors are to have in their possession any substance or article which is forbidden by either State or Federal laws within the Student Residence's precinct

Consumption of alcohol in public and community areas is not allowed except on special occasions as sanctioned by Management of CQUniversity. Residents must adhere to the CQUniversity SHEWS Alcohol and Other Drugs Principles at all times.

Student Residence does not allow kegs of beer or home-brew kits to be brought onto campus. Alcohol may be consumed within the confines of a resident's private room or the Common Rooms in Building 43 (Senior & Junior Common rooms Rockhampton North campus) or Building 763 (PODS Mackay Ooralea campus).

Consumption of alcohol will be permitted provided that the quality of life and rights of other residents are not compromised, threatened or infringed in anyway. Drunkenness by residents or their guest/visitors will not be tolerated and will lead to penalties or termination of their Residency Agreement.

Alcohol can be consumed in the Common Rooms up until 10pm Sunday to Thursday and on Friday and Saturday nights this time may be extended to midnight if all external doors are closed and the noise is kept to a reasonable level to ensure it does not compromise the quality of life for other residents or infringe on residents rights to a quiet study environment. These times may be changed by Management of Student Residences if residents/guests/visitors do not abide by these requirements.

Members of the Residential Life Team or the Residential Life After-Hours Coordinator has the authority to close either Common Room if inappropriate behaviour or noise becomes a problem.

Residents are not permitted to enter the Dining Hall, Common Rooms or other shared living spaces if they have consumed excess quantities of alcohol.

Supplying alcohol to a person who is underage is illegal, and any residents found to have done this will be dealt with severely, including being reported to the Police. Any activity that promotes or encourages excessive or accelerated consumption of alcohol is not permitted within Student Residences. This includes 'group' drinks (punch etc.), drinking games and beer bongs/funnels. Any resident found to have instigated or participated in excessive drinking games may have their Residency Agreement terminated.

The consumption of alcohol may be prohibited at times, particularly during study and exam periods. During this time, alcohol is not to be consumed anywhere within the Student Residence precinct or as instructed by Management of Student Residences.

In 2017 Student Residences in Rockhampton will instigate an alcohol free house on a trial basis. This house will be for all residents under 18 years of age and any other resident

who wishes to reside in a house where no alcohol is permitted. If you are 18 years of over and would like to reside in this house, please contact the Student Residences Office in Rockhampton.

### 13. Ambulance

Queensland Ambulance Service (QAS) provides free emergency ambulance transport for Queensland residents. If you require emergency assistance – please call '000' (triple zero).

International students must have medical insurance to cover ambulance transport. This is a mandatory condition for admission to CQUniversity and this coverage will provide free ambulance service if required.

If you require non-urgent medical assistance please contact the Student Residences office if during business hours and the RA on duty if after-hours for assistance. Unfortunately Student Residences is not able to transport residents to medical treatment or appointments.

The use of offensive language is not acceptable at any time or in any situation. Verbal or physical abuse of University staff may result in the termination of your Residency Agreement and/or prosecution of offenders.

Residents who have guests or visitors on campus are responsible for these people and any abusive behavior by the guests or visitors will be dealt with severely. Any instance of such behavior should be reported immediately to Management of Student Residence or a member of the Residential Life Team (if outside business-hours).

Residents must adhere to the requests of any CQUniversity staff member or member of the Residential Life Team concerning their behaviour or the behaviour of their guest/visitor. Behaviour that is likely to cause offence or distress to others is not acceptable under any circumstances.

### 19. Breaches of A - Z of Living on Res Community Standards

This Handbook represents a guide for better living standards to ensure an environment that is conducive to study. Breaches of the *A - Z of Living on Res Community Standards* will result in disciplinary action in accordance with the *Student Residence Code of Conduct*. Residents who continually breach these guidelines will have their Residency Agreement terminated.

### 20. Building Evacuation

Student Residences buildings may need to be evacuated for a number of reasons, and at any time of the day or night and therefore the safety of our residents, guests and visitors is paramount to us.

Evacuation signs are posted in all buildings and rooms indicating your location in relation to the nearest exit, steps to take and designated assembly points. Evacuation maps are part of the fire equipment and must not be tampered with.

If the emergency alarm sounds everyone must evacuate the building immediately regardless of the hour. All residents must proceed to the designated assembly area and follow the directions of the Fire Warden/s. Failure to evacuate when an emergency alarm sounds or when instructed to do so by a staff member, may result in the issue of an infringement notice from Queensland Fire Emergency Services (QFES) and also termination of your Residency Agreement.

### 21. Bus or Minibus

Student Residences has a minibus which is available to transport residents to and from the local Stockland Shopping Centre on Thursday evenings and Saturday mornings. ### 73. Noise

One of the major challenges of living together in harmony is being able to reside on Res without being affected by undue loud noise.

Living on Res is both a home and social environment for students and residents and some noise is to be expected. It is your responsibility to consider other residents and ensure noise is kept to an acceptable level. Quiet times should be observed between 10.00pm and 7.00am - 7 days a week. During Quiet Time noise should not be audible beyond a resident's room. There will be times where a specific event allows for noise to be above normal limitations.

If your neighbours are making so much noise that you are unable to study or sleep, politely asks the resident to reduce the noise. If this is unsuccessful contact your zone RA or the RA on Duty. The rule is that if your noise disturbs someone else it is too loud and it is your obligation to turn it down.

You can minimise noise if you;

- keep your door shut when you have visitors
- discourage loud talking in your room
- do not slam doors
- wear headphones if like listening to music, watching TV or gaming in your room

- **Low Noise Policy**

From the Sunday prior to 'Program Review' and the 'Standard Exam' period, we enforce a *Low Noise Policy* to give all residents the best opportunity to study.

We will endeavour to ensure that all grounds maintenance and cleaning occurs during the times specified in the *Low Noise Policy* notice. Student Residence Office staff will post notices on Facebook and on notice boards within each House advising when the *Low Noise Policy* applies.

Residents and guests are not permitted to engage in social gatherings in any common areas within their houses during this period. Rockhampton JCR will be open for limited hours each day and the Mackay PODS Common Room is to be used for study purposes only – no social activities

#### 74. Noticeboards

Noticeboards are located in the hallways of each House. RLT members will post information on the noticeboards. Residents should check them regularly.

## O

#### 75. Office Hours

Student Residences normal office hours are 8:45am to 4:45pm Monday to Friday. Outside of these hours, our After Hours Duty Team (RLT) will assist residents and guests.

#### 76. Orientation

New residents are strongly encouraged to participate in the social events organised by the Student Residence Office and RLT. These events will help new residents to get to know their way around their new home at Res. These activities are run to compliment the Orientation Week activities conducted by CQUniversity.

## P

#### 77. Pastoral Care and Personal Crises

Management of Student Residences has the best interest of our residents at heart. We strive to give them a home away from home. From time to time some residents may experience difficulties such as depression, mental illness, alcohol or drug dependence or abuse. CQUniversity has a number of trained professionals who can provide counselling and support at no cost to residents. Please contact your RA or the Office of Student Residence and we will direct you to the appropriate student support services.

#### 78. Parties

Social gatherings are an important part of life on Res. Parties and gatherings of large numbers (more than 10 people) require permission from Management of Student Residences prior to the event.

If you have a party, then you are responsible for it and all those you have allowed to join in. Guidelines have been developed to protect the interests of all residents.

Everyone who lives at Student Residences must be mindful that although they may wish to celebrate a special occasion, others may be studying or preparing assignments at any time and therefore should be given every opportunity to do their best without disruptions from others.

Management of Student Residences or their nominee reserves the right to terminate any party at any time if it is of the opinion that the continuation of such activity is not in the best interests of CQUniversity, residents or their guests.

#### 79. Passive Participation

Every resident is expected to comply with relevant legislation, CQUniversity policies, Student Residence Code of Conduct and A - Z of Living on Res Community Standard. Residents are also obliged to remove themselves from any situation where a breach of these policies or standards is occurring. Residents are expected to report any behaviour that could compromise the safety or security of people or property. Passive participation in any activity that breaches these policies or standards is subject to the same consequences as active participation.

#### 80. Pest Control

Student Residence undergoes regular pest control treatments. However it remains the responsibility of each resident to report concerns about pests to the relevant Student Residence Office in order for it to be dealt with appropriately.

It is very important to maintain a high standard of personal hygiene and cleanliness in your living area and throughout the precinct. Ensure that food is not left out or uncovered because it can attract ants and other pests. Any pest infestation that is introduced by a resident or directly linked

to a resident's poor housekeeping or lack of hygiene will result in charges being applied to the resident's account.

There is a large population of kangaroos on Student Residences Rockhampton North. These kangaroos are infested with ticks. The kangaroos often lay near and around the entrances to buildings. Please ensure outside doors are kept closed to limit the chance of ticks coming into buildings.

### 81. Privacy Issues

CQUniversity functions necessitate the collection, creation and use of personal information about students, staff and other clients.
