Total Units: 23			144			

** Available over Term 3

* Compulsory Residential School

^^ Professional Experience Placement

✓ Completed

CP = Credit Points

DISCLAIMER: International students **MUST** enrol in both compulsory Terms (Term 1 & 2) to achieve an academic load of 48 credit points in an academic year to successfully complete their course in accordance with the Confirmation of Enrolment (CoE) duration. If International students fail to enrol in an academic load of 48 credit points per year, it is compulsory they study over Term 3.

MORE DETAILS:

Graduation Statement

The Bachelor of Nursing is an undergraduate degree consisting of 144 compulsory units of credit, taught in English, which has a duration of 3 years of full-time study or part-time equivalent.

Students should concentrate on completing all first-year units before moving on to second year units, and all second-year units before moving on to third year units.

Inherent Requirements

For the full list of Inherent Requirements relevant to CL91 Bachelor of Nursing, please view the 'Getting Started/Inherent Requirements' section of the [CQU Handbook](#).

Course Duration Requirements

Full Time Duration 3 years

Part Time Duration 6 years

The maximum time to complete the CL91 Bachelor of Nursing course is 7 years to meet Recency of Practice and eligibility for registration as a nurse (Division 1) in Australia (Nursing and Midwifery Board of Australia (NMBA)).

Please also note that if you do not successfully complete your units on the first attempt, or take a Leave of Absence, your course duration and completion timeframe may be extended.

Interim Awards Interim Awards are not available for this course

Exit Awards CL92 Associate Degree of Health Care
 CL93 Diploma of Health Care

Professional Accreditation

The Bachelor of Nursing is accredited by the Australian Nursing and Midwifery Accreditation Council (ANMAC). The Bachelor of Nursing leads to eligibility for registration as a nurse (Division 1) in Australia.

Course Structure Requirements

In the CL91 Bachelor of Nursing, students are required to complete the following course structure:

- 23 Core Units

Professional Experience Placement

Professional Experience Placement (PEP) is an activity that integrates academic learning with its application in the workplace. In nursing, it is referred to as placement or professional experience placement.

Attending professional experience placement is not automatic. To be eligible to attend clinical placement students must satisfy a list of requirements known as [Pre-WIL Mandatory Conditions or Mandatory Checks](#).

The pre-clinical mandatory check submission deadline occurs up to three months prior to the commencement of each term that you are enrolled in. This date is to ensure that your mandatory checks are in order before you are deemed eligible to attend, and are allocated a professional experience placement the following term. You should allow sufficient time to familiarise yourself with what is required of you and the timelines involved.

[Pre-WIL Compulsory Conditions Closing Dates and Placement Release Dates](#)

These requirements are set in accordance with the University's approved:

- Vaccination Principles
- Work Integrated Learning Policy and Procedure

In addition, there may be student professional experience placement requirements specified by contracted industry partners.

It is your responsibility to keep these checks up-to-date and to adhere to the Pre-WIL Compulsory Condition requirements for your own safety and the safety of others during your professional experience placement.

Failure to complete all pre-WIL Compulsory Conditions by the publicised deadline will disqualify you from attending professional experience placement, and will significantly impact your ability to complete your course in your desired timeframe.

Once you accept your offer and have your student login details, you will have access to the Moodle site [Nursing Central](#). Nursing Central provides a link to the [Professional Experience Placement \(Work Integrated Learning\) Moodle site](#).

All mandatory check evidence must be submitted via the university placement management system SONIA.

A minimum of 800 hours professional experience placement in an off-campus health care setting is an integral component of the Bachelor of Nursing course. (Students may be required to complete more than 800 hours due to some organisation's make up time policy).

NB. You may be required to travel to complete your professional experience placement.

Professional Experience Placements are organised in blocks of time as per the relevant unit requirement. They are located in various health care organisations throughout Australia where a service agreement is in place, and are therefore not negotiable.

Professional Experience Placement occurs in the following units:

Unit Code	Unit Name	CP	Hours
NURS11170	Professional Experience Placement 1	6	120 hours
NURS12161	Professional Experience Placement 2	6	120 hours
NURS12162	Mental Health Professional Experience Placement	6	80 hours
NURS12164	Professional Experience Placement 3	6	80 hours
NURS13142	Professional Experience Placement 4	6	160 hours
NURS13145	Professional Experience Placement 5	12	240 hours

Residential Schools

Students studying via Online Studies may be required to attend compulsory on-campus residential schools and have been marked with an asterisk (*) in the above course planner.

The units that require a compulsory residential school must be enrolled in as “Mixed Mode” under the unit availabilities in MyCentre.

For more information on the various units containing residential schools, please refer to the following link in the CQUni Handbook: <https://handbook.cqu.edu.au/resschools/index> or contact the Unit Coordinator directly.

Unit Coordinator contact information can be found via the Unit Profiles in the following link: <https://my-courses.cqu.edu.au/pub/profiles/search>.

Foundations of Academic Integrity

CQUniversity values academic honesty and integrity. As a student, we want to ensure that you understand the ethical behaviour required of you with your studies, in particular your assessment tasks. To help build your confidence and capacity, we have developed an academic integrity module that we are asking you to undertake as part of your studies.

Each year, for the length of your time as a student at CQUniversity, you will be required to complete this academic integrity training module. The module will help you to understand what is expected from you and how you can make the most of your learning experiences. Upon starting your course and again on the anniversary of starting your current course, you will be unable to access any Unit Moodle sites until you have completed the academic integrity training.

All Higher Education students as well as VET Diploma level students are required to complete the training. Further information can be found in MyCQU, your student portal.

If you have any questions about your course, please contact the Course Advice Team by visiting <http://handbook.cqu.edu.au/eforms/index> and submitting an ‘Ask a Course Advisor’ e-form.

PLEASE CHECK THE CQUNI HANDBOOK FOR ALL TERM AVAILABILITIES AND PRE-REQUISITES AS THEY MAY CHANGE FROM YEAR TO YEAR <http://handbook.cqu.edu.au>
