WELCOME TO A UNIVERSITY LIKE NO OTHER

Youthful, entrepreneurial and heavily focused on social innovation – we’re committed to your academic success and enhancing your international student experience. With locations right across Australia, you’re sure to find one that suits your lifestyle.

www.cqu.edu.au/locations

PERTH
CQU’s newest campus is located in the vibrant Perth central business district. Located a short walk away from Elizabeth Quay, the campus offers students direct access to the CBD and the waterfront. Perth is known for being the City of Light and holds the record for being Australia’s sunniest capital city.

SYDNEY
Located in the business and finance engine of Australia, a short stroll to the iconic Sydney Opera House and Darling Harbour, our Sydney campus offers a wide selection of courses for our diverse student cohort. Students enjoy studying in a fast-paced city and being immersed in its flourishing arts scene and cosmopolitan atmosphere.

ADELAIDE
A university campus like no other – it’s a city within a city, nestled between the business and finance engine of Adelaide. The Mawson Lakes campus is a perfect ground for research students.

BUNDABERG
Bundaberg is located in the agricultural belt of Queensland, making it an ideal campus to study agriculture and horticulture. The campus boasts multimedia and sound studios, and interactive electronically transmitted lectures to imagine with other campuses.

GLADSTONE
The Gladstone area is a region of diversity – tourism, agriculture and industry combined with a fast-paced lifestyle and an agri-food and lifestyle environment. Our Gladstone Marine Campus is a central hub for students to explore World Heritage wonders including the Great Barrier Reef and the Whitsundays.

MELBOURNE
Youthful, entrepreneurial and heavily focused on social innovation – we’re committed to your academic success and enhancing your international student experience. With locations right across Australia, you’re sure to find one that suits your lifestyle.

TOWNSVILLE
TOWNSVILLE is the largest tropical city in northern Queensland, approximately four hours driving distance south of Cairns. The region is home to scenic rainforests and unspoilt beaches, and a gateway to the magnificent Great Barrier Reef, the Barrier Reef Marine Park and the Whitsundays.

NOOSA
Located near the beautiful Noosa Heads, our campus boasts modern study and recreational facilities and services one can expect from a renowned university. It boasts modern engineering and health facilities and services one can expect from a renowned university.

MACKAY
Mackay city is a thriving, busy town with great facilities for students. With the campus located near the harbour and houses the University’s Engineering and Environment Management Complex dedicated to engineering research and training.

GLADSTONE
Located in Queensland’s capital city, our Brisbane campus is located next to the harbour and houses the University’s Engineering and Environment Management Complex dedicated to engineering research and training.

MELBOURNE
Located in the business and finance engine of Australia, our Melbourne campus offers students the best of city living. Conveniently located opposite Southern Cross train station, our Melbourne campus offers students the best of everything; shopping, public transport, nightlife, laneway bars and a thriving food, wine and café culture set in historical architectures and cosmopolitan atmosphere.

BUNDABERG
Bundaberg is located in the agricultural belt of Queensland, making it an ideal campus to study agriculture and horticulture. The campus boasts multimedia and sound studios, and interactive electronically transmitted lectures to imagine with other campuses.

GLADSTONE
Located near the beautiful Cairns Esplanade parklands, our Cairns campus boasts modern study and recreational facilities and services one can expect from a renowned university. It boasts modern engineering and health facilities and services one can expect from a renowned university.

Our focus and commitment to improving the overall student experience is reflected in the positive QILT results*. By choosing to study with us, you are choosing a quality education built around models of outcome-based education delivered in supportive learning environments.

AN INTERNATIONAL OUTLOOK
International students have contributed greatly to CQUniversity over the years, enriching the university culturally, academically, and contributing to its long-term growth. The concept of international activity is not new to CQUniversity. Over the past 25 years, CQUniversity has grown from a small institution focused on education and industry in regional Queensland, to a multi-campus, multi-city university focused on preparing highly diverse learners for internationally-engaged and effective professional practice wherever they may be situated.

QUALITY EDUCATION FOR EVERYONE
We welcome students from diverse cultural backgrounds, geographic locations and social-economic contexts. We continue to be Australia’s most accessible and inclusive university, ensuring that a quality education is accessible to everyone by offering seamless pathway options for career progression at competitive and affordable fees.

RESEARCH WITH REAL WORLD OUTCOMES
We strive to achieve relevance in our research goals through links with industry, business, government and the community, and through collaboration with national and international researchers and research networks. Our research focus is in priority areas that directly contribute to the support and revitalisation of community health, sustainability and education.

GLOBAL CONNECTIONS
CQUniversity has over 100,000 registered alumni across the globe so, no matter where you are in the world, you can enjoy the opportunity to connect and expand your personal and professional networks.

Over the past 25 years, CQUniversity has grown from a small institution focused on education and industry in regional Queensland, to a multi-campus, multi-city university focused on preparing highly diverse learners for internationally-engaged and effective professional practice wherever they may be situated.

*QS Best Student Cities 2018 - a ranking of the world’s leading urban destinations for international students.
THE CQUNIVERSITY ADVANTAGE

BECOME AN ACTIVE LEARNER
You will learn in a creative and collaborative environment under the guidance of award-winning academics. Through their innovative teaching practices, you will gain and develop your critical thinking and problem-solving skills, enabling you to reach your potential and gain a passion and thirst for knowledge.

MAKE FRIENDS FROM AROUND THE WORLD
CQUniversity has over 30,000 students approximately 5000 of which are international students from 115 countries. There is always something happening on campus with a variety of social and cultural events for our diverse student cohort throughout the year.

CONNECT VIRTUALLY
Enjoy the flexibility of studying for your degree where and when it suits you. You will have access to advanced online learning technologies via a virtual classroom with academic staff and our online platform UCROO where you can connect with fellow students and find study groups and student mentors.

MAKE A DIFFERENCE
We believe that the more you give, the more you gain. By studying at a university that is heavily focused on social innovation, you will learn in a supportive environment where talent for social change and making a difference is nurtured and developed.

EXPERIENCE ANOTHER COUNTRY
As a CQUniversity student, you can broaden your experience by studying for a term or two at one of our partner institutions located in over 30 countries across six continents. We have over 100 global partners and a member of the International Student Exchange Program network of universities.

RECEIVE CAREER GUIDANCE BEYOND GRADUATION
CQUni Careers offers career support services to students as well as graduates. The team is dedicated to helping you build employability and job search skills as you prepare to be work-ready in your chosen career. Current students are also able to access the online portal, CareerHub, to search for casual or part-time vacancies and Career Connection, our new careers mentoring program that connects alumni with current students.
SKILLS FOR THE FUTURE

Go beyond what you learn in the classroom with practical components that complement your theoretical knowledge. Our courses are designed with industry to ensure you graduate with the skills that employers seek and give you a competitive edge over your peers in the job market.

ACCRREDITED COURSES
Our courses are accredited with a range of industry bodies. This accreditation allows you to seek membership upon graduation and can provide a connection to a community of professionals for networking and knowledge sharing opportunities.

INTERNSHIPS
Embark on a ten-week internship as part of your course. Together with our partner, Australian Internships, a placement is found for you in your preferred industry from over 3000 organisations. You will hone your interview and business communication skills while learning from industry professionals in your field of study.

WORK INTEGRATED LEARNING
Work integrated learning covers a range of work-related experiences such as student placements and simulated workplaces as part of your course.

RESIDENTIAL SCHOOLS
Residential schools may be compulsory or recommended, and vary in duration. They are usually conducted at a CQUniversity campus where an intensive block of classes allows you to obtain practical hands-on experience and network with lecturers, other students and in some cases industry specialists.

VOLUNTEERING AND SOCIAL PROJECTS
As Australia’s first Ashoka U Changemaker Campus, CQUniversity has a strong focus on engagement, social outreach and giving back to its many and diverse communities. As a student volunteer, you will gain invaluable experience and change the way you view the world.
We invest heavily in our international student support services to ensure you are supported both academically and personally throughout your studies and that your time in Australia is an enriching and inspiring one.

ACADEMIC LEARNING CENTRE
CQUniversity’s Academic Learning Centre offers a range of workshops and online courses to help you with your studies and develop your academic skills. These include:
» reflective writing
» oral presentation tips
» note-taking
» researching and referencing
» time management skills
» preparing for exams.

INTERNATIONAL STUDENT SUPPORT
Together with the Campus Life Committees and Student Experience teams across the University, we aim to provide ongoing support for all international students from arrival to graduation.
Support services include:
» pre-arrival information
» accommodation assistance orientation
» information on Overseas Student Health Cover (OSHC)
» student mentor and leadership programs
» career services
» confidential counselling and welfare services
» social activities and student forums
» care arrangements for students under 18 years of age
» students with families
» going home program after completion of studies.

CLUBS, GROUPS AND SOCIETIES
University is one of the most exciting times of your life and joining a club is a fantastic way to meet like-minded people.
These include:
» Melbourne Futsal Club
» Future Stars Cricket Club
» Photograhpy Collective
» Taekwondo Club
» Wildcats Soccer.
SCHOLARSHIPS

Scholarships are available to international students wishing to undertake a degree at CQUniversity in 2019. You may also be eligible for scholarships funded by the Australian government.

CQUNIVERSITY INTERNATIONAL STUDENT SCHOLARSHIPS

CQUniversity offers general scholarships which reward successful applicants with a 20 per cent reduction in tuition fees for the duration of their studies, subject to meeting terms and conditions.

AUSTRALIAN GOVERNMENT

Endeavour Scholarships and Fellowships

The Endeavour Scholarships and Fellowships are competitive, merit-based scholarships that bring top international students to study at Australian institutions.

Australia Awards Scholarships

The Australia Awards Scholarships provide opportunities for people from developing countries to undertake study at participating Australian institutions.

www.australiaawards.gov.au

FACILITIES

All locations feature modern, state-of-the-art teaching and learning facilities with well-equipped study areas as well as recreational spaces to socialise, allowing for greater integration and inclusion.

TRAINING RESTAURANT AND KITCHEN

Students learn in an environment that fosters a high level of engagement and interaction among fellow students and lecturers as well as providing the latest in emerging technologies to support innovative learning.

SPORTS CENTRE

The CQUniversity Community Sports Centre in Rockhampton boasts an Olympic-sized swimming pool, gym and group fitness classes so students can take active steps to lead a healthy lifestyle.

MULTI-FAITH CHAPLAINCY CENTRE

Located in Rockhampton, the centre is a welcoming space where everyone is invited regardless of their beliefs. Prayer rooms and quiet rooms are also available in each location.

HEALTH CLINICS

The CQUniversity Health Clinics are public access clinics with state-of-the-art health facilities. They allow a practical learning environment for students studying nursing and allied health.

AVIATION HANGAR

Located at CQUniversity Bundaberg, aviation students can learn in a world-class hangar with a comprehensive range of aircraft and receive hands-on exposure to aircraft maintenance, operations and other vital areas.
GLOBAL OPPORTUNITIES

CQUGlobal is CQUniversity's global mobility program allowing you to undertake part of your studies in a different country. The program has two streams, CQUGlobal Inbound to Australia and CQUGlobal Outbound from Australia.

CQUGLOBAL OUTBOUND
As a CQUniversity student, you have plenty of opportunities to study overseas at renowned universities for one or two terms while gaining credit towards your degree.

CQUGLOBAL INBOUND
Students studying at overseas institutions can apply to study for one or two terms at CQUniversity, and gain credits that can be transferred back to your home institution. Short-term options such as our two-week summer and winter program or English study tours are also available.

BENEFITS
» Enhance your employment prospects
» Develop language skills
» Immerse yourself in a different culture
» Travel and make new friends
» Grow your confidence and independence
» Earn credits towards your degree

www.cqu.edu.au/cquglobal

ONLINE STUDY

Earn a qualification that is recognised worldwide without you having to be on campus. You will study the same units and graduate with the same qualification, all from the comfort of your own home. This is perfect if you need to balance university with work or personal commitments.

WHY STUDY ONLINE WITH CQUNIVERSITY
We are leaders in this space, offering a strong track record of online courses for over two decades. Our courses range from business, accounting, information technology and digital media to engineering, allied health and medical science.

ADVANTAGES
» Flexible study load
» No student visa required
» Professional accreditation will not be affected
» Save on living expenses
» 24/7 access to online learning tools and study materials
» Extensive range of student support services

www.cqu.edu.au/international-online
Australia is a safe and modern country, with cities regularly ranked among the best in the world to live and study in. The cities offer vibrancy, cultural diversity, and a generally fast-paced lifestyle. Outside the cities, you can experience a more laid-back environment with a diverse range of outdoor activities and natural landscapes to enjoy.

INTERESTING FACTS
- Australia is the world’s 6th-largest country.
- The name Australia comes from the Latin word ‘Australis’, meaning southern.
- The Great Barrier Reef is the world’s largest reef system.
- There are about 226 languages spoken in Australia, making it one of the most multicultural countries in the world.
- The Kangaroo and Emu are on the Australian coat of arms as neither animal can walk backwards, symbolising a nation that is always going forward.

Autumn
March to May
Take in the autumn colours in the Dandenong Ranges, Victoria

Spring
September to November
Go kayaking on the Brisbane river

Summer
December to February
Get outdoors and catch the surf in Perth’s beautiful beaches

Winter
June to August
Hit the slopes in one of Victoria’s great alpine resorts

Discover the many festivals in Adelaide

Experience a trivia night out with friends in Melbourne

Cuddle up to a koala at the Rockhampton Zoo

Explore the Great Barrier Reef in Queensland
It is important to find the right place to live so you can focus on your studies. As an international student, you may choose from a range of accommodation options to suit your needs and budget.

**HOMESTAY**
Our preferred homestay provider is Australian Homestay Network who will facilitate the arrangement and ensure you have a welcoming, safe and enjoyable experience. For more information visit [www.homestaynetwork.org](http://www.homestaynetwork.org).

**STUDENT ACCOMMODATION**
Student One is the preferred accommodation provider for CQUniversity students in Brisbane. Our students enjoy an exclusive floor only in the Wharf St residence. For more information visit [www.studentone.com/cqu](http://www.studentone.com/cqu).

Urbanest is an endorsed provider of student accommodation to CQUniversity students in Brisbane, Melbourne and Sydney. For more information visit [www.urbanest.com.au](http://www.urbanest.com.au).

**PRIVATE ACCOMMODATION**
Off-campus accommodation such as flats, houses and shared accommodation can be found in the private rental market. You may look for these rental properties through property websites such as [www.realestate.com.au](http://www.realestate.com.au) and [www.domain.com.au](http://www.domain.com.au).

**ON-CAMPUS RESIDENCE**
Living on campus provides a great environment to live and study in. It offers ease and convenience to your university life. Benefits include:
- opportunity to make friends from all over the world and local Australian students
- learn about different cultures
- save money and time on travelling to campus
- no car or public transport is required
- increased safety with campus security and individually keyed rooms
- opportunity to get involved with social, community and cultural activities
- on-site manager and 24-hour live in staff
- access to Residential Life team for ongoing pastoral care
- on-site manager and 24-hour live in staff
- reduced fees for gym membership.

**ROCKHAMPTON STUDENT RESIDENCE**
- Fully-catered standard room with shared bathroom (not air-conditioned) | AU$290 per week

**MACKAY STUDENT RESIDENCE**
- Self-catered single room with ensuite and kitchenette facilities | AU$210 per week

Costs are based on 2018 pricing for residency of nine weeks or more and include all utility bills, wifi access and meals in catered options. No bond is required. An application fee of AU$100 applies for new students. For more information and to apply email studentresidences@cqu.edu.au.
Our certificate and diploma courses provide a pathway into selected bachelor courses at CQUniversity if you do not meet the entry requirements.

**EDUCATION ROADMAP**

<table>
<thead>
<tr>
<th>Certificate courses</th>
<th>Diploma courses</th>
<th>Bachelor courses</th>
</tr>
</thead>
<tbody>
<tr>
<td>Our certificate courses are designed with industry input and range from nursing, hospitality, kitchen operations, commercial cookery and more. Plus, with seamless pathways between our courses, you can work towards higher level qualifications.</td>
<td>Our diploma courses provide you with theoretical knowledge and practical skills for work and reflect the latest developments in industry.</td>
<td>Our bachelor courses are industry focused qualifications that provide a solid basis for a wide range of career options. You will develop your critical thinking skills and capacity for further independent study.</td>
</tr>
</tbody>
</table>

**WHY CHOOSE A CERTIFICATE OR DIPLOMA COURSE?**

» Get a feel of a study area before committing to a bachelor course.
» Choose from a range of pathways into various bachelor courses.
» Gain two or more qualifications.
» Receive credit towards your bachelor course.
» Progress to the relevant bachelor course.
For English pathways, see page 25.

**EXTERNAL PROVIDERS**

If you already hold a qualification from one of our external providers’ institutions, you may use your qualification to gain entry into selected courses at CQUniversity. The following partners are approved to package specific courses enabling a pathway to a CQUniversity course.

» Academia International and Academia Australia
» Browns English Language School
» Phoenix Academy
» International Institute of Business and Technology (IIBT) – Perth
» Kaplan International English Cairns
» TAFE NSW
» TAFE Queensland

**CQUNI Stories**

Carmela shares her experience in Australia and at CQuni. She reflects on why she chose to come to Australia to study.

CARMELA JUNAIDI, BACHELOR OF HOSPITALITY MANAGEMENT
We offer a wide variety of vocational courses which are designed to deliver workplace-specific skills. You can study by progressing upwards though the levels, expanding your practical skills and knowledge to improve your work readiness. You can generally start a vocational course in either Term 1 or 2.

### START UNI NOW (SUN)

SUN is a CQUiversity initiative that gives you the opportunity to study CQUiversity units while in senior high school. SUN allows you to enrol in a range of CQUiversity units (subjects) online, which you can combine with your regular high school work.

### WHY STUDY SUN?

- Apply for direct entry into a bachelor course if you pass at least one SUN unit from the course you are applying for.
- Receive credit transfer for each applicable SUN unit you passed.
- Pay nothing for your first SUN unit and a reduced fee for subsequent SUN units.

### HOW MUCH DOES SUN COST?

While undertaking your first SUN unit you will not be liable for a unit fee. Subsequent units (up to an additional three units) are offered at a significantly discounted rate of (AU$) 500 per unit. In addition to the unit cost, there may be other expenses such as textbooks and resources. Fees must be paid upfront.

### WHERE CAN I STUDY SUN?

SUN units can be studied entirely online, which means you can choose to study at your own pace, as long as you have access to a computer and the Internet.

### WHAT SUPPORT DO I RECEIVE AS A SUN STUDENT?

Even though you will be studying online, you will still have access to many of the same resources and support services as on-campus CQUiversity students.

#### SUN Project Officer

A dedicated staff member who will assist you throughout your SUN study journey.

#### Academic Learning Centre (ALC)

The ALC is a ‘one-stop-shop’ for information, advice and resources related to academic writing, mathematics, science and computing requirements of study at CQUiversity.

#### Student Life and Wellbeing Centre

This Centre provides you with both academic and personal counselling, as well as assistance with time management and study skills. If you have a disability or medical condition, you are encouraged to register with the Inclusion and Accessibility Service to review your support needs.

ENTRY REQUIREMENTS

Our entry requirements ensure you are suitably prepared for your course at CQUniversity and may vary by course. This may include prerequisite study in certain subjects. For details on what these prerequisites may be, refer to our course information pages within this guide.

Other evidence of English proficiency may be accepted. This includes:

- successful completion of English studies
- study where the medium of instruction was in English at a university or post-secondary school, or
- possess an academic qualification that meets the English requirements.

If you do not meet the English entry requirement, CQUniversity can arrange an appropriate English language course at COUEnglish.

Some courses require higher scores. They are:

- Diploma of Business Studies IELTS overall 6.0 requirement (with no band less than 5.5).
- Bachelor of Education (Early childhood) IELTS overall 7.5 requirement (with no band less than 7.0 and no band less than 8.0 in Speaking and Listening).
- Bachelor of Education (Secondary) IELTS overall 7.0 requirement (with no band less than 7.0).
- Bachelor of Nursing IELTS overall 7.0 requirement (with no band less than 7.0).
- Bachelor of Paramedic Science IELTS overall 7.0 requirement (with no band less than 7.0).
- Bachelor of Medical Laboratory Science (Honours) IELTS overall 7.0 requirement (with no band less than 7.0).
- Bachelor of Cardiac Physiology IELTS overall 7.0 requirement (with no band less than 7.0).
- Bachelor of Speech Pathology (Honours) IELTS overall 7.5 requirement with a minimum of 7.0 for Reading and Writing and 6.0 for Speaking and Listening.
- Bachelor of Engineering (Honours) IELTS overall 6.0 requirement (with no band less than 6.0).
- Bachelor of Engineering Technology IELTS overall 6.0 requirement (with no band less than 6.0).
- Bachelor of Engineering (Honours) and Diploma of Professional Practice (Co-op) IELTS overall 6.5 requirement (with no band less than 6.0).
- Bachelor of Science (Osteopaths) IELTS overall 6.5 requirement (with no band less than 6.0).
CQU English language centres are located on our Brisbane, Melbourne, Rockhampton North and Sydney campuses. In addition to providing a range of courses to prepare international students for academic study, they regularly conduct study tours for a diverse range of groups for over 20 years.

ENGLISH STUDY TOURS
Study tours offer the perfect mix of English study and popular tourist activities. A customised study tour can be organised for your group that is tailored to your specific needs. Excursions to local attractions in Australia include the Great Barrier Reef or feeding native Australian animals at a wildlife sanctuary. We have organised study tours for professional groups, government ministries, high school and university students. For more information on study tours visit www.cqu.edu.au/cquenglishstudytours.

IELTS PREPARATION AND TEST CENTRE (IELTS)
If you need to prepare for the IELTS exam, the CQUEnglish language centre in Rockhampton North runs IELTS preparation classes. Classes are organised around the contents of a typical IELTS exam and gives you the opportunity to practice your exam skills using IELTS test style materials. The CQUEnglish centre at Rockhampton North is an authorised IELTS Test Centre. Exams are held once a month in Rockhampton and every two months in Mackay and Bundaberg.

Duration FT – Full time, PT – Part time, Intake 1 – Term 1 (March), T2 – Term 2 (July), T3 – Term 3 (November).

Please note the following important information:

- Fees are in Australian dollars (AUD).
- Fees are indicative only and do not cover additional costs such as textbooks, accommodation, visas, applications, GSHE, personal living etc.
- The final fee payable will be determined by your selection of units and any credit awarded for prior learning.
- The University reserves the right to amend fees at any time during the course. Fees are reviewed annually and may increase in the following year to enable UQ University to continue to provide quality services and facilities to students.
- Courses are subject to change at the discretion of the University.
- It is your responsibility to make yourself aware of the entry requirements and prerequisites of the courses you wish to undertake.
- The typical annual fee shown provides an estimate of the tuition fees for the first year of the course in 2019. This estimate assumes a full-time study load.

The typical total course fee should provide an estimate of the tuition fees for the whole course. This estimate is based on typical full-time enrolments in each unit of study in the course, with exclusion of the 2019 international undergraduate subject fees at six per cent per annum for every additional year of study after 2019 (for students commencing in 2019). The amount shown assumes students complete no more than the course duration indicated.

International students can only undertake courses online from an overseas location.

Courses undertaken online may be studied on a full-time or part-time mode.

International students studying on campus in Australia may only take 25 per cent of their entire course by online education, and this option cannot be taken in its entirety during a compulsory term (Term 1 and Term 2).

BACHELOR OF EDUCATION
(SECONDARY)

COURSE CODE: CC13
INTAKES: Term 1, Term 2
AVAILABILITY: Bundaberg, Mackay-Darwin, NQ, Rockhampton North
FEES AS PER HANDBOOK
ANNUAL FEE: 31 200
TOTAL COURSE FEE: 117 911
FEES WITH LOAD SPREAD
EVENLY OVER ALL TERMS
ANNUAL FEE: 28 200
TOTAL COURSE FEE: 118 637
CRICOS CODE: 080752G

This course provides you with the opportunity to focus on two teaching disciplines at a secondary school level. It includes 125 days of planned teaching practice in secondary schools with a period of familiarisation time in an educational setting to prepare you for 10 weeks of full-time professional practice.

Professional Recognition
As a graduate, you may be eligible to apply for provisional registration as a teacher throughout Australia.

Course Structure
You are required to complete the following compulsory units and two minors.

- Teaching Youth
- Education as a Profession
- Responding to Diversity and Inclusion
- Professional Practice 1 – Introduction to Teaching
- Indigenous Studies and Learning
- Digital Pedagogies in Secondary Schools
- Engaging Learners: Classroom Management and Neuroscience
- Middle Years Learning and Teaching
- Professional Practice 2 (Secondary) – Application of Curriculum
- Learning and Wellbeing in Middle School

- Students with Special Needs
- Professional Practice 3 (Secondary) – Engagement with Others
- Assessment and Reporting in Secondary Schools
- Senior Years Learning and Teaching
- Literacy and Numeracy across the Curriculum
- The Ethical Professional
- Professional Practice 4 (Secondary) – Learning and Teaching in Action
- Professional Practice 5 – The Internship.

Minors
- Business Minor
- Accounting Minor
- Biology Minor
- Chemistry Minor
- English Minor
- Geography Minor
- Health and Physical Education Minor
- History Minor
- Home Economics and Hospitality Minor
- Industrial Technology and Design Minor
- Mathematics Minor

English Requirements
An IELTS (Academic) assessment with an average band score of 7.5 across all four skill areas of Listening, Speaking, Reading and Writing – with no score below 7.0 in any of the four skill areas, and a score of no less than 8.0 in Speaking and Listening.

DIPLOMA OF ARTS

COURSE CODE: CF36
INTAKES: Term 1, Term 2
AVAILABILITY: Rockhampton North, Online
ANNUAL FEE: 30 630
TOTAL COURSE FEE: 30 630
CRICOS CODE: 075040E

This course provides you with the opportunity to explore a discipline in humanities or social sciences in some depth, preparing you for employment in a range of fields. You will learn about the way humans recognise, record and debate human practices, meanings and values. This will aid you in developing a contemporary understanding of the human condition and how society operates. This course provides a pathway into the second year of our Bachelor of Arts.

Course Structure
You are required to complete following:

- eight undergraduate units (48 units of credit)
- a minimum of four units must be chosen from the Arts and/or Elective Majors in the Bachelor of Arts
- prerequisites and co-requisites where relevant must be met for each unit.

Arts majors in the Bachelor of Arts

- Geography and Environmental Studies
- History
- Literary and Cultural Studies
- Social Enquiry
- Writing

Please refer to the Bachelor of Arts Handbook entry for a list of units relevant to Majors offered.

English Requirements
Standard entry requirements apply.

BACHELOR OF ARTS

COURSE CODE: CA10
INTAKES: Term 1, Term 2
AVAILABILITY: Online
ANNUAL FEE: 27 450
TOTAL COURSE FEE: 89 488
CRICOS CODE: 003394G

This course provides you with a varied and multidisciplinary education, as well as the opportunity to gain knowledge in a range of humanities and social sciences disciplines. You will study in depth the way humans recognise, record and debate human practices, meanings and values. You will develop a contemporary understanding of the human condition and how society operates as well gain crucial lifelong learning and transferable generic skills, such as critical thinking and problem solving.

Please note some units require you to attend compulsory residential school or undertake compulsory work based learning.

Course Structure
You are required to complete two majors totalling sixteen units from the following Bachelor of Arts majors.

- Geography and Environmental Studies
- History
- Liberal Arts
- Literary and Cultural Studies
- Social Enquiry
- Writing

In addition to one of the following:

One elective major comprising eight units selected from one of the following:

- Business
- Digital Media
- Journalism
- Language
- Psychology

Or a general studies major totalling eight units, which can be chosen from any undergraduate course at CQU, provided pre-requisite and co-requisite requirements are met.

English Requirements
Standard entry requirements apply.
## BACHELOR OF ENGINEERING (HONOURS)

**COURSE CODE:** CC31  
**INTAKES:** Term 1, Term 2  
**AVAILABILITY:** Bundaberg, Cairns, Gladstone Marina, Mackay Ooralea, Rockhampton North  
**ANNUAL FEE:** $32,160  
**TOTAL COURSE FEE:** $143,592  
**CRICOS CODE:** 083583G

This course has been redesigned to effectively develop your problem-solving, teamwork and communication skills and incorporates project based learning so you can graduate work ready. The first year of your studies provides a basic understanding of engineering, allowing you to choose from a number of specialisations including Civil, Electrical and Mechanical. If you choose to study online, please note this course requires you to attend compulsory residential schools.

### Professional Recognition

The Civil, Electrical and Mechanical majors of the Bachelor of Engineering (Honours) are accredited by Engineers Australia as a Professional Engineer. For more information visit www.engineersaustralia.org.au

### Course Structure

You are required to complete the following compulsory units and one major:

- Fundamentals of Professional Engineering
- Applied Mathematics
- Engineering Statics
- Engineering Industry Project Investigation
- Materials for Engineers
- Applied Calculus
- Fundamentals of Energy and Electricity

### Majors

- Civil
- Electrical
- Mechanical
- Mining
- Mechatronics

### English Requirements

- Minimum academic IELTS score of 6.0 across all bands and overall.

## BACHELOR OF ENGINEERING (HONOURS) AND DIPLOMA OF PROFESSIONAL PRACTICE (CO-OP ENGINEERING)

**COURSE CODE:** CC32  
**INTAKES:** Term 1  
**AVAILABILITY:** Bundaberg, Cairns, Gladstone Marina, Rockhampton North  
**ANNUAL FEE:** $32,160  
**TOTAL COURSE FEE:** $180,570  
**CRICOS CODE:** 083587C

This course allows you to gain hands-on experience in a professional industry environment and be paid while you learn. It features 48 weeks of paid work placement as well as project based learning, allowing you to graduate with relevant and recent industry experience.

### Professional Recognition

As a graduate, you will be eligible for membership with Engineers Australia as a Professional Engineer. For more information visit www.engineersaustralia.org.au

### Course Structure

You are required to complete the following compulsory units and one major:

- Fundamentals of Professional Engineering
- Applied Mathematics
- Engineering Statics
- Engineering Industry Project Investigation
- Materials for Engineers
- Applied Calculus
- Fundamentals of Energy and Electricity
- Engineering Employment Preparation
- Industry Practice 1
- Industry Practice Review
- Engineering Business Fundamentals
- Industry Practice 2
- Engineering Supervisor Development

### Majors

- Civil
- Electrical
- Mechatronics
- Mechanical

### English Requirements

- Minimum academic IELTS score of 6.5 with no individual band score of less than 6.0.

## HEALTH

### BACHELOR OF SCIENCE (CHIROPRACTIC)

**COURSE CODE:** CB77  
**INTAKES:** Term 1  
**AVAILABILITY:** Brisbane, Mackay Ooralea, Gladstone Marina, Rockhampton North  
**ANNUAL FEE:** $31,770  
**TOTAL COURSE FEE:** $161,851  
**CRICOS CODE:** 075757A

This course aims to build your clinical skills and confidence in diagnosing and management of patients from a wellness perspective. You will learn the history, philosophy, principles and theories of chiropractic and relevant chiropractic psychomotor skills integrated with a knowledge of basic science. You will access state-of-the-art laboratories and undertake work integrated learning in clinics to further enhance your practical experience and employability.

### Professional Recognition

This course is recognised by the Chiropractic Board of Australia (ICBA). As a graduate, you will be qualified as an Assistant Chiropractor. You will also be eligible for membership with the Chiropractors’ Association of Australia (CAA). You are required to complete the following compulsory units:

- Foundations of Chiropractic Practice 1
- Human Body Systems 1
- Fundamentals of Chemistry
- Study and Research Skills for Health Science
- Human Body Systems 2
- Foundations of Biochemistry
- Foundations of Chiropractic Practice 2
- Physics for Health Sciences
- Foundations of Chiropractic Practice 3
- Neurological Physiology and Measurement

### Majors

- Microbiology for Health Care
- Neuroanatomical Anatomy 1
- Foundations of Chiropractic Practice 4
- Medical Pathophysiology
- Fundamentals of Radiographic Imaging
- Neuroanatomical Anatomy 2
- Clinical Assessment and Diagnosis 1
- Professional Chiropractic Practice 1
- Systems and Pathology
- Mental Health and Chiropractic Care
- Clinical Assessment and Diagnosis 2
- Professional Chiropractic Practice 3
- Research Literacy for Health Professionals

### English Requirements

- Minimum academic IELTS of 6.5 across all bands and overall.

### BACHELOR OF MEDICAL SCIENCE

**COURSE CODE:** CG93  
**INTAKES:** Term 1  
**AVAILABILITY:** Rockhampton North  
**ANNUAL FEE:** $31,140  
**TOTAL COURSE FEE:** $161,889  
**CRICOS CODE:** 072157J

This course allows you to explore health and disease issues and equips you with practical skills. You can specialise in Clinical Investigation, Nutrition or Pathology. In Clinical Investigation, you will explore four primary disciplines: cardiac sciences, neurophysiology, respiratory sciences and sleep sciences. In Nutrition, you will work with individuals or communities to promote healthy lifestyle choices and prevent diet-related disease. In Pathology, you will gain the technical skills and be equipped to examine bodily samples to assist in making a diagnosis regarding a patient’s medical condition. You will also complete a placement in real world settings.

If you choose to study online, please note you are required to attend compulsory residential school.

### Majors

- Pathology
- Clinical Investigation
- Nutrition
- Biotechnology

### English Requirements

Standard entry requirements apply.
This course is designed to develop well-rounded skills and prepare you for a diverse and rewarding career within emerging health roles. Your studies will focus on human body systems, the role of allied health practitioners and healthcare in contemporary society. You may also be required to undertake a work placement. Completion of this course is the ideal pathway for progression into specialised postgraduate studies in allied health.

Course Structure
You are required to complete the following compulsory units:

- Introduction to Allied Health Practice
- Anatomy and Physiology for Health Professionals 1
- Fundamentals of Psychology
- Anatomy and Physiology for Health Professionals 2
- Life Course Development
- Professional Practice 1
- Professional Practice 2
- Professional Practice 3
- Developing Occupation-Centred Community Programs
- Specialisation in Occupational Therapy
- Transition to Professional Practice.

English Requirements
Minimum academic IELTS of 7.0 with no individual band score less than 7.0 or an Occupational English Test (OET) result of A or B.

BACHELOR OF PHYSIOTHERAPY (HONOURS)

Introduction to Allied Health Practice
Anatomy and Physiology for Health Professionals 1
Fundamentals of Psychology
Anatomy and Physiology for Health Professionals 2
Life Course Development
Professional Practice 1
Professional Practice 2
Professional Practice 3
Developing Occupation-Centred Community Programs
Specialisation in Occupational Therapy
Transition to Professional Practice.

English Requirements
Minimum academic IELTS of 7.0 with no individual band score less than 7.0 or an Occupational English Test (OET) result of A or B.

BACHELOR OF PODIATRY PRACTICE (HONOURS)

Introduction to Allied Health Practice
Anatomy and Physiology for Health Professionals 1
Professional Practice 1
Professional Practice 2
Professional Practice 3
Professional Practice 4
Professional Practice 5
Research Project.

English Requirements
Minimum academic IELTS of 7.0 with no individual band score less than 7.0 or an Occupational English Test (OET) result of A or B.

BACHELOR OF OCCUPATIONAL THERAPY (HONOURS)

Introduction to Allied Health Practice
Anatomy and Physiology for Health Professionals 1
Fundamentals of Psychology
Anatomy and Physiology for Health Professionals 2
Life Course Development
Professional Practice 1
Professional Practice 2
Professional Practice 3
Professional Practice 4
Professional Practice 5
Research Project.

English Requirements
Minimum academic IELTS of 7.0 with no individual band score less than 7.0 or an Occupational English Test (OET) result of A or B.

BACHELOR OF EXERCISE AND SPORT SCIENCES

Introduction to Allied Health Practice
Anatomy and Physiology for Health Professionals 1
Professional Practice 1
Professional Practice 2
Professional Practice 3
Professional Practice 4
Professional Practice 5
Research Project.

English Requirements
Minimum academic IELTS of 7.0 with no individual band score less than 7.0 or an Occupational English Test (OET) result of A or B.
You are required to complete the following compulsory units and one elective:

- Introduction to Nursing
- Fundamentals of Clinical Nursing Practice
- Lifespan Approach to Health and Wellness for Nursing
- Evidence Informed Nursing Practice
- Introductory Anatomy and Physiology
- Clinical Nursing Practice 1
- Recovery Approach to Mental Health
- Inclusive Practice for Nursing
- Pharmacology for Nursing Practice
- Medical-Surgical Nursing
- Clinical Nursing Practice 2
- Advanced Anatomy and Physiology
- Human Pathophysiology
- Concepts of Mental Health Nursing
- Clinical Nursing Practice 3
- Clinical Nursing Practice 4
- Community Nursing Perspectives
- Clinical Nursing Practice 5
- Professional Nursing Practice

English Requirements
Minimum academic IELTS score of 7.0 across all bands and overall.

BACHELOR OF ORAL HEALTH

This course is designed to equip you with the skills and knowledge to work with people across the lifespan, in a variety of different settings. You will learn how communication and swallowing typically develop and how to assess these skills in children and adults to determine whether or not they are having difficulties. You will learn how to analyse the results of these assessments so that you can plan an evidenced-based intervention that best meets the individual's needs.

Course Structure
You are required to complete 28 compulsory units and one elective unit from any undergraduate unit.

- Introduction to Communication and Swallowing Disorders
- Introduction to Allied Health Practice
- Anatomy and Physiology for Health Professionals 1
- Fundamentals of Psychology
- Anatomy and Physiology for Health Professionals 2
- Research Methods for Health Professionals
- Oral Health Clinical Practice 1
- Oral Health Clinical Practice 2
- Oral Health Clinical Practice 3
- Oral Health Clinical Practice 4
- Oral Health Clinical Practice 5
- Oral Health Clinical Practice 6
- Oral Health Clinical Practice 7
- Oral Health Clinical Practice 8
- Oral Health Clinical Practice 9
- Oral Health Clinical Practice 10
- Oral Health Clinical Practice 11
- Oral Health Clinical Practice 12
- Oral Health Clinical Practice 13
- Oral Health Clinical Practice 14
- Oral Health Clinical Practice 15
- Oral Health Clinical Practice 16
- Oral Health Clinical Practice 17
- Oral Health Clinical Practice 18
- Oral Health Clinical Practice 19
- Oral Health Clinical Practice 20
- Oral Health Clinical Practice 21
- Oral Health Clinical Practice 22
- Oral Health Clinical Practice 23
- Oral Health Clinical Practice 24
- Oral Health Clinical Practice 25
- Oral Health Clinical Practice 26
- Oral Health Clinical Practice 27
- Oral Health Clinical Practice 28

Minimum academic IELTS score of 7.0 overall with a minimum of 7.0 for Reading and Writing and 5.5 for Speaking and Listening.
INFORMATION TECHNOLOGY AND DIGITAL MEDIA

DIPLOMA OF INFORMATION AND COMMUNICATIONS TECHNOLOGY

Course Code: CG36

Intakes: Term 1, Term 2, Term 3

Availability: Adelaide, Brisbane, Cairns, Melbourne, Rockhampton North, Sydney, Townsville, Online

Annual Fee: 29,040

Total Course Fee: 29,040

This course provides you with foundation knowledge and skills in information communications technology (ICT). You will develop a range of skills in computing and IT, and benefit from access to the latest hardware and software while you learn. It is also a pathway into the second year of our Bachelor of Information Technology.

Course Structure

You are required to complete the following compulsory units and electives:

- Programming Fundamentals
- Systems Analysis
- Networked Infrastructure Foundations
- Professional Communications Skills for ICT
- Ethics and Social Issues
- Database Design and Implementation

Electives

You can select two elective units and may undertake either:

- both elective units from the ICT Level 1 units listed below
- one of the units listed below and one elective from any other six unit of credit undergraduate unit offered by CQUiversity

Two electives chosen from any other six unit of credit undergraduate unit offered by CQUiversity provided all required pre-requisites for those units have been met.

Available units

- Object Oriented Programming
- Organisational Behaviour

English Requirements

Standard entry requirements apply.

ASSOCIATE DEGREE OF INFORMATION TECHNOLOGY

Course Code: CAS9

Intakes: Term 1, Term 2, Term 3

Availability: Brisbane, Cairns, Melbourne, Rockhampton North, Sydney, Townsville, Online

Annual Fee: 29,040

Total Course Fee: 59,822

This course provides you with a foundation to begin your pursuit of a fast paced, challenging and dynamic career in the IT industry. The core units will provide you with a solid grounding in the core body of IT knowledge and skills as defined by the Australian Computer Society (ACS). Upon completion, you can continue your studies by enrolling in our Bachelor of Information Technology where you will receive credits for the units completed.

Professional Recognition

This course is accredited at the Associate Level by the ACS. As a graduate, you may be eligible for membership with the ACS. For more information visit www.acs.org.au.

Course Structure

You are required to complete the following compulsory units and electives:

- Programming Fundamentals
- Systems Analysis
- Professional Communications Skills for ICT
- Ethics and Social Issues
- Database Design and Implementation

Electives

You are required to complete the following compulsory units and electives:

- Human-Computer Interaction
- Programming Fundamentals
- Ethics and Social Issues
- Systems Analysis
- Database Design and Implementation
- IT Project Management
- Networked Infrastructure Foundations

- Professional Communications Skills for ICT
- Object Oriented Programming
- Organisational Behaviour
- Software Design and Development
- TCRP Principles and Protocols
- Knowledge Management Principles
- Enterprise Systems
- Electronic Crime and Digital Forensics
- Network Security Concepts
- Internet Applications
- Workflow Analysis and Management

Electives

You may select four elective units. The following units, provided pre-requisite and co-requisite requirements are met.

- Professional Communications Skills for ICT
- IT Industry Work Placement
- Network Security Major
- Application Development Major
- Business Analysis Major

Recommended Electives

You may select up to six elective units. Electives may include any unit from the Bachelor of Information Technology (Co-Op). Majors as listed above provided all prerequisites have been met. Electives may include general units from other CQUiversity degrees. No more than four electives may be Level 1 units.

- Application Development students will need to take at least one Level 3 elective.
- Network Security and Business Analysis students will need to take at least three Level 3 electives.

Recommended Electives

- Web Site Development
- Professional Practice Preparation
- Foundations of Business Computing
- Cloud Based Smart Applications Management

English Requirements

Standard entry requirements apply.

BACHELOR OF INFORMATION TECHNOLOGY (CO-OP)

Course Code: CG39

Intakes: Term 1, Term 2, Term 3

Availability: Brisbane, Cairns, Melbourne, Rockhampton North, Sydney, Townsville, Online

Annual Fee: 29,040

Total Course Fee: 59,452

This course provides you with a foundation to begin your pursuit of a fast paced, challenging and dynamic career in the IT industry. The core units will provide you with a solid grounding in the core body of IT knowledge and skills as defined by the Australian Computer Society (ACS). Upon completion, you can continue your studies by enrolling in our Bachelor of Information Technology where you will receive credits for the units completed.

Professional Recognition

This course is accredited at the Associate Level by the ACS. As a graduate, you may be eligible for membership with the ACS. For more information visit www.acs.org.au.

Course Structure

You are required to complete the following compulsory units, one major and electives.

- Human-Computer Interaction
- Programming Fundamentals
- Ethics and Social Issues
- Systems Analysis
- Database Design and Implementation
- IT Project Management
- Networked Infrastructure Foundations

Recommended Electives

- Web Site Development
- Professional Practice Preparation
- Foundations of Business Computing
- Cloud Based Smart Applications Management

English Requirements

Standard entry requirements apply.
Electives
You may choose up to eight elective units.
- Electives may include those recommended below.
- Electives may include any unit from the Bachelor of Information Technology majors provided all prerequisites have been met.
- Electives may include general units from other CQUniversity degrees.
- No more than four electives may be Level 1 units.
- Application Development students will need to take at least one Level 3 elective.
- Network Security and Business Analysis students will need to take at least three Level 3 electives.

Recommended electives
- Web Site Development.
- Professional Practice Preparation.
- Cloud Based Smart Applications Management.

Internship Opportunity
To qualify for the internship, you will need to undertake Professional Practice Preparation as an elective, as this unit will prepare you for working with the internship host. To qualify for an internship you must be in good academic standing, successfully passing the CQUniversity English Language Placement test and completing an interview with the internship host.

English Requirements
Standard entry requirements apply.

DIPLOMA OF DIGITAL MEDIA

This course will prepare you for paraprofessional work within the digital media industries by providing practical skills and relevant theory that can be applied in a variety of fields associated with design, technology and media. Working within multimedia computer interfaces, computer technology and production studios, you will learn how to create digital media for use in industry-standard software tools and techniques. You will learn how to think critically, solve problems, communicate effectively and work independently in response to digital media project demands.

Course Structure
You are required to complete the following compulsory units and two electives.
- Visual Design Fundamentals
- Digital Video and Audio
- Illustration and Visualisation
- Communication in Professional Contexts
- Foundations of Animation
- User Experience Design
- Web Design
- Coding Fundamentals

English Requirements
Standard entry requirements apply.

This course aims to build a broad knowledge of psychology and its applications, including theoretical perspectives within the discipline and an appreciation of the social and cultural contexts of psychological research and professional practice. You may continue your studies by enrolling in the Bachelor of Psychological Science (Honours), which will progress you along your study pathway to registration as a psychologist.

Professional Recognition
This course is accredited by the Australian Psychology Accreditation Council (APAC). Successful completion of this course will allow you to apply for APAC accredited fourth year honours course in psychology.

Course Structure
You are required to complete the following compulsory units and electives.
- Biological Foundations of Psychology
- Foundations of Psychological Research
- Psychometric and Assessment
- Educational Psychology
- Research Methods
- Clinical Psychology
- Forensic Psychology
- Learning and Behaviour Modification
- Qualitative Research Methodology

Electives
You may select eight elective units from the additional psychology units provided in this course or any undergraduate six credit point unit from CQUniversity provided pre-requisite and co-requisite requirements are met.

English Requirements
Standard entry requirements apply.

This course is ideal for you if you have completed an accredited third year course in psychology that includes a Level 3 statistics unit, and wish to complete an accredited fourth year in psychology to become eligible for provisional registration as a Psychologist in an Australian State or Territory. You will undertake advanced research training, and have the opportunity to conduct your own original piece of research that may in some cases lead to publication in a professional journal. If you choose to study online, please note you are required to attend compulsory residential school.
Professional Recognition
This course is accredited by APAC and qualifies you to apply for provisional registration with the Psychology Board of Australia. Provisionally registered psychologists are required to undertake a minimum of two years industry supervision or complete a relevant postgraduate qualification to be eligible for full professional accreditation as a registered psychologist.

Course Structure
You are required to complete the following compulsory units:
- Psychology Research Project A
- Advanced Data Analysis
- Ethics and Professional Issues in Psychology
- Psychology Research Project B
- Professional Practice of Cognitive Therapies
- Advanced Psychological Assessment.

English Requirements
Standard entry requirements apply.

BACHELOR OF SCIENCE (PSYCHOLOGY)

This course combines face-to-face learning (through residential school) and regular online activities to equip you with advanced level of skills in psychology, and enhances your knowledge in the discipline of psychology.

Professional Recognition
This course is accredited by the Australian Association of Social Workers (AASW).

Course Structure
You are required to complete the following compulsory units:
- Biological Foundations of Psychology
- Sociology of Australian Society
- Contemporary Human Services
- Introductory Aboriginal and Islander History
- Social Foundations of Psychology
- Professional Communication in Human Services
- Human Services and Statutory Contexts
- Theories of Change for Professional Practice I
- Casework and Case Management
- Organisational Practice
- Contemporary Social Policy
- Social Research Methods
- Theories of Change for Professional Practice II
- Social Group Work and Family Work
- Ethical Professional Practice
- Fieldwork Education 1
- Integrating Theory and Practice 1
- Community Practice
- Professional Practice and Mental Health
- Professional Practice with Children, Youth and Families
- Reconciliation in the Workplace and Community
- Advanced Direct Practice
- Professional Leadership in Human Services
- Fieldwork Education 2
- Integrating Theory and Practice 2

English Requirements
Standard entry requirements apply.

SCIENCE AND ENVIRONMENT

This course will provide you with a range of theoretical perspectives and enhance the knowledge in the discipline of psychology. Successful completion of this course allows you to apply for our Bachelor of Psychological Science (Honours).

Professional Recognition
This course is nationally accredited by APAC as a three year undergraduate course in psychology.

Course Structure
You are required to complete the following compulsory units:
- Psychology Research Project A
- Advanced Data Analysis
- Ethics and Professional Issues in Psychology
- Psychology Research Project B
- Professional Practice of Cognitive Therapies
- Advanced Psychological Assessment.

BACHELOR OF SOCIAL WORK (HONOURS)

In order to be eligible to apply for provisional registration as a psychologist you are required to complete a four year psychology degree or equivalent. This course allows you to complete the equivalent of the first three years of this requirement, equipping you with a range of theoretical perspectives and enhancing your knowledge in the discipline of psychology. Successful completion of this course allows you to apply for our Bachelor of Psychological Science (Honours).

Professional Recognition
This course is accredited by the Australian Association of Social Workers (AASW).

BACHELOR OF AGRICULTURE

This course enables you to develop the cutting edge knowledge and skills required for employment in tomorrow’s technology driven agricultural industry to cater to the massive shortage of skilled professionals. You are required to choose two minors from Livestock, Cropping and Business and undertake an industry placement in your second year. Your third and last year, you will learn about agricultural practices and technology and develop advanced level technical and people management skills.

Course Structure
You are required to complete the following compulsory units and two majors.
- Soil and Irrigation Management
- Crop Management Systems
- Livestock Production Management
- Science Communication
- Agricultural Breeding Strategies
- Agricultural Business Planning
- People Management
- Research in Agriculture
- Livestock Health and Welfare
- Crop Protection
- Leadership and People Management
- Farm Business Management
- Social Licence to Operate
- Data Management and Analysis for Agriculture
- Agricultural Change Implementation

Majors
- Livestock
- Cropping
- Agricultural Business

English Requirements
Standard entry requirements apply.

BACHELOR OF ENVIRONMENTAL SCIENCE

This course enables you to develop the knowledge and skills required to play a role in environmental monitoring, management and ecologically sustainable development. You will benefit from a combination of theoretical and practical work, including hands-on laboratory sessions and field work.

Course Structure
You are required to complete the following compulsory units, one major and electives.
- Fundamentals of Environmental Science
- Applications of Environmental Science
- Physical Geography of Australia
- Living Systems
- Functional Biology
- Science Communication
- Community and Indigenous Engagement
- Environmental Economics
- Environmental Impact Assessment
- Sustainability Issues and Solutions
- Law and the Environment
- Professional Placement or Project
- Geographic Information Systems

Majors
- Land Management Major
- Environmental Geography Major
- Water Management Major

Electives
You can select three elective units from the Environmental Science Majors or from the following list:
- Environmental Chemistry
- Microbiology
- Applications of Microbiology
- Environmental Physiology of Animals
- Australian Vertebrate Biology
- Genomes, Genetics and Evolution
- Nanotechnology: Health and the environment
- Plants and the Environment
- Foundations of Biochemistry
- Aboriginal Cultures and Country
- Introductory Aboriginal and Islander History
- Contemporary Indigenous Issues
- Industrial Atmospheric Emissions

English Requirements
Standard entry requirements apply.

BACHELOR OF MEDICAL LABORATORY SCIENCE (HONOURS)

This course will provide you with the theoretical and technical knowledge in the clinical disciplines of laboratory medicine for application in the diagnostic setting. Throughout your study you will build technical and evaluative skills to assess and implement recommendations for best practice in patient testing, monitoring and education. You will develop an advanced level of communication skill to interact positively with patients and other health professionals ready for the clinical or scientific work environment.
Duration years full-time 2
Duration years part-time 4
Total units 30
Available online
Work integrated learning
Internship
Residential school

### BACHELOR OF SCIENCE

**Course Code:** CU18

**Intakes:** Term 1, Term 2

**Availability:** Rockhampton North

**Annual Fee:** $31,140

**Total Course Fee:** $100,749

**Crsics Code:** MU0151

This course provides you with a foundation for a career in the biological, analytical and agricultural sciences. You will benefit from field trips to a variety of destinations, including coral reefs, agricultural enterprises and mine sites. You will also have the option to undertake a work placement as part of your studies, benefit from the research strengths of our staff and gain an insight into unique scientific issues.

**Course Structure**

You are required to complete the following compulsory units and one major:

- Living Systems
- Chemistry for the Life Sciences
- Science Communication
- Fundamentals of Environmental Science
- Applications of Environmental Science
- Functional Biology
- Science Investigation

**Majors**

- Applied Biology Major
- Applied Chemistry Major

**English Requirements**

Standard entry requirements apply.

### BACHELOR OF SCIENCE (HONOURS)

**Course Code:** CG84

**Intakes:** Term 1, Term 2

**Availability:** Rockhampton North

**Annual Fee:** $32,400

**Total Course Fee:** $32,400

**Crsics Code:** 073226M

This course equips you with the specialist skills and knowledge required for a successful career in the field of science. In the first year, you will develop a broad foundation in biology, chemistry and environmental science and the opportunity to develop practical skills in scientific investigation. You can then build on this foundation with advanced units in one of the available specialisations including Applied Biology, Environmental Science, Industrial Chemistry and Medical Science.

**Course Structure**

You are required to complete the following compulsory units:

- Honours Preparation
- Research Project A
- Research Project B
- Honours Analysis and Completion
- Honours Preparation
- Research Project A
- Research Project B
- Honours Analysis and Completion.

**English Requirements**

Standard entry requirements apply.

---

### SERVICE INDUSTRIES

**Course Structure**

You are required to complete the following compulsory units and electives:

- Principles of Economics
- Contemporary Organisational and HRM Studies
- Marketing Fundamentals
- Marketing of Service Products
- Marketing Research
- Accounting, Learning and Online Communication
- Introduction to Management
- Occupational Health and Safety Law
- Customer Relationship Marketing
- Marketing Plans
- Project
- Entrepreneurship, Innovation and New Ventures.

**Electives**

You can select four elective units from any six unit of credit advanced level undergraduate unit offered by CQUUniversity.

**English Requirements**

Standard entry requirements apply.

---

**CQUNI Stories**

**LEXI XU, BACHELOR OF HOSPITALITY MANAGEMENT**

Lexi shares her experience in Australia and at CQUni. She reflects on her hometown, her family, what she likes most about CQUni and her career aspiration in the hospitality industry. **LEXI XL BACHELOR OF HOSPITALITY MANAGEMENT**
TRANSPORT AND SAFETY SCIENCES

BACHELOR OF ACCIDENT FORENSICS

Course Code: CB67
Intakes: Term 1, Term 2
Availability: Bundaberg, Rockhampton North, Online
Annual Fee: 28 620
Total Course Fee: 89 031
Cridos Code: 075045M

This course allows you to develop expertise in the investigation and analysis of the factors that lead to accidents and the interventions required to prevent their occurrence. You will undertake core studies in accident phenomenology, investigation methods, forensic engineering, accident analysis, human factors investigation and occupational health and safety. You will complete authentic learning tasks in the state-of-the-art, purpose-built Forensic Accident Investigation Crash Laboratory, which is the only one of its kind in Australia.

Course Structure
You are required to complete the following compulsory units:
- Real World Investigation
- Health and Safety Risk Management
- Introductory Science
- Introductory Occupational Health and Safety
- Socio-technical Systems
- Introduction to Investigative Methods
- Introductory Anatomy and Physiology
- OHS Fundamentals
- Investigative Methods Practice
- Accident Phenomenology
- Safety Science
- Human Factors
- Victim Pathology
- Investigation Domain Contexts
- Forensic Engineering
- Introduction to Forensic Science
- Accident Analysis
- Crash Lab Project 1
- Advanced Occupational Health
- Safety Systems
- Human Factors Investigation
- Learning From Failure
- Accident Forensics Professional Practice
- Crash Lab Project 2.

Professional Recognition
As a graduate, you will be eligible for membership with the Safety Institute of Australia. Upon undertaking field experience, you will also qualify to apply for professional grade membership of the Australian, New Zealand and International Society of Air Safety Investigators.

English Requirements
Standard entry requirements apply.

BACHELOR OF AVIATION (COMMERCIAL PILOT)

Course Code: CL29
Intakes: Term 1
Availability: Cairns
Annual Fee: 32 820
Total Course Fee: 196 053
Cridos Code: 097035M

This course will provide you with the aeronautical knowledge and experience requirements for a career as a commercial pilot in the air transportation industry. In the first year of your study, you will fly solo in the circuit area and training area of the training aerodrome. You will learn about unmanned aerial vehicles as well as the physics of aviation and basic aeronautics. You will be introduced to the fundamentals of computer programming as well as the laws that are relevant to aviation.

Course Structure
You are required to complete 20 compulsory units:
- Basic Aeronautical Knowledge
- Basic Aeronautical Practice
- Unmanned Aerial Vehicles
- Aviation Physics
- Aviation Law
- Programming Fundamentals
- Aeronautical Flight Practice 1
- Aeronautical Flight Practice 2
- Aerodynamics (Commercial Pilot Licence)
- General Aeronautical Knowledge (Commercial Pilot Licence)
- Meteorology (Commercial Pilot Licence)
- Navigation (Commercial Pilot Licence)
- Flight Planning, Performance and Loading (Commercial Pilot Licence)
- Human Factors (Commercial Pilot Licence)
- Instrument Flight Rules and Procedures
- Aeronautical Flight Practice 3
- Aeronautical Flight Practice 4
- Advanced Aeronautical Flight Practice 1
- Advanced Aeronautical Flight Practice 2
- Advanced Aeronautical Flight Practice 3

English Requirements
Standard entry requirements apply.

BACHELOR OF EMERGENCY SERVICE

Course Code: CC60
Intakes: Term 1, Term 2
Availability: Online
Annual Fee: 28 620
Total Course Fee: 89 031
Cridos Code: 075045M

This course is relevant if you work in emergency services, have successfully completed a relevant vocational qualification and wish you to increase your skills and knowledge as an emergency service professional. You will have the option to select from a number of study areas including safety science, community safety or management, which will prepare you for a specialist role.

Course Structure
You are required to complete the following compulsory units and two minors.
- Emergency Services and the Community
- Human Factors
- Introduction to Management
- Introductory Occupational Health and Safety
- Applied Demography
- Community Safety and Education in Action
- Evaluating Emergency Services Issues
- Management of Fatigue Risk
- Public Health, Community Safety and Education
- Safety Science and Fatigue Risk Management
- Management

English Requirements
Standard entry requirements apply.

BACHELOR OF OCCUPATIONAL HEALTH AND SAFETY

Course Code: CO26
Intakes: Term 1, Term 2
Availability: Brisbane, Bundaberg, Rockhampton North, Online
Annual Fee: 28 620
Total Course Fee: 88 835
Cridos Code: 085324K

This course is designed to develop your expertise in the identification of occupational health and safety hazards in the workplace and provides you with a variety of hands-on experiences, including participation in workplace visits and 120 hours of work placement. Your studies will equip you with knowledge, skills and initiatives in the areas of occupational hygiene, workplace rehabilitation, ergonomics, safety and occupational health and safety management.

Professional Recognition
As a graduate, you may be eligible to apply for Chartered Professional Membership with the Safety Institute of Australia once you have completed the appropriate years of service.

Course Structure
You are required to complete the following compulsory units and one minor.
- Introductory Occupational Health and Safety
- Health and Safety Risk Management
- Introductory Science
- Real World Investigation
- Socio-technical Systems
- Introduction to Investigative Methods
- Introductory Anatomy and Physiology
- OHS Fundamentals
- Safety Science
- Foundations of Health
- Accident Phenomenology
- Human Factors

Minors
- Safety Science
- Human Factors
- Public Health
- Environmental Studies
- Liberal Studies

English Requirements
Standard entry requirements apply.
STUDENT ESSENTIALS

STUDENT VISA
If you intend to study in Australia, you will require a student visa for the duration of your studies. Once you have received your visa, there are requirements you must meet in order for it to remain valid. The Department of Home Affairs website provides all information in relation to student visas. For more information visit www.homeaffairs.gov.au.

OVERSEAS STUDENT HEALTH COVER (OSHC)
The University requires that you pay for your OSHC when you pay for your tuition fees. This will ensure that you have health cover upon arrival in Australia. The cost of OSHC will depend on the type of cover you need. Allianz is CQUniversity’s preferred provider. For more information and a quick quote visit www.oshcallianzassistance.com.au.

WORKING WHILE STUDYING
As a student visa holder, you may work up to 40 hours per fortnight while your course is in session and unlimited hours during term breaks. However, you need to obtain a Tax File Number (TFN). The Australian Tax Office provides information on how to file for a TFN. For more information visit www.ato.gov.au.

GETTING AROUND
Getting around by public transport is an affordable and convenient option. Some states provide discounted concessions for international students. For more information visit the following websites:

- New South Wales – www.transportnsw.info/international-students
- Western Australia – http://www.transperth.wa.gov.au

STUDENTS UNDER 18
If you are under 18 years old when you start your studies, you are required to have an approved guardian until you turn 18 and reside in a CQUniversity approved accommodation. For more information visit www.cqu.edu.au/studentvisas.

LIVING COST
Cost of living varies depending on the location, accommodation type and lifestyle you choose. The table below reflects basic living costs and do not include tuition fees, air tickets, student visa application fees, medical examinations for student visa application, OSHC and study-related costs such as textbooks. When you first arrive, you will need to consider establishment costs such as bond payment, advance rent, furniture and other household items. If you have a car, you will need to consider vehicle registration and maintenance costs.

Source: Study in Australia

The Department of Home Affairs has financial requirements you must meet in order to receive a student visa for Australia. From 1 February 2018 the 12-month living cost is:

- you – AUD$20,290
- partner or spouse – AUD$7,100
- child – AUD$3,040.

STUDY MODES
On-campus
If you are in Australia on a student visa you must study full time on campus. While in Australia, you are able to undertake some units within your course online provided it is no more than 25 per cent of your entire course; approved by the University; and not entirely online in a compulsory term.

Online
By choosing to study online, you’ll have the flexibility to study a course without needing to visit a campus. If you choose to study online, you may choose part time or full time to study at your own pace. Some courses require you to attend a residential school in Australia for a short period of time.

STUDY FULL OR PART TIME
Full time
For an undergraduate bachelor degree, a standard full-time load consists of four units per term. You can expect a maximum of 16 hours on campus each week, consisting of four hours per unit.

Part time
Part-time study is only available to international students who do not live in Australia and are studying online. A part-time study load consists of one or two units per term.

RECOGNITION OF PRIOR LEARNING
If you have previously studied at another university or institution within the last ten years, or have professional experience, you may be eligible for recognition of prior learning (also known as advanced standing, credit exemption and credit transfers). Recognition of prior learning must be applied for at the time of applying for your course. Your qualifications and professional experience will be assessed on a case by case basis. Confirmation of approved credits will be made when you receive an Offer of Admission.

KEY DATES
We offer three terms per year, so you can start your course at the beginning of the year, mid-year or towards the end of the year. Term 3 is not compulsory – it is another study option to provide you with the opportunity to start your study at a time more convenient to you, or to fast track your study and get into the workforce sooner.

Rowshan reflects on what she enjoys most about studying at CQUni.

ROWSHAN AKTHER, BACHELOR OF INFORMATION TECHNOLOGY
HOW TO APPLY

Once you have decided on the course you wish to apply for, follow these steps to ensure your application is processed promptly.

1. Gather all supporting documents you require. These include certified academic transcripts, evidence that you meet the English requirements, translated documents where applicable and personal identification documents such as your passport.

2. Submit your application. Apply online through iStart, our online application system. Applications for a scholarship are done at the same time. You may also contact one of our authorised agent representatives in your home country to assist with your application.

3. Receive your offer. If your application is successful, you or your agent (if you appointed one) will receive the Offer of Admission via email. Your offer letter will include important information on:
   » the course
   » tuition fees and the deposit payable
   » the duration of the course
   » the course commencement date
   » the fee for visa length overseas student health cover
   » conditions that need to be met, if any.

4. Accept your offer. Meet any conditions on your offer, make payment and organise your Overseas Student Health Cover. We will process your acceptance and issue a Confirmation of Enrolment (COE).

5. Apply for your Student Visa. A COE is required for your application for a student visa to study and live in Australia legally. Apply online at the Department of Home Affairs at www.homeaffairs.gov.au/trav/visa/appl/student.

6. Arrive in Australia. We can provide advice on airport pick-up and short and long-term accommodation options. You can find out more about this, including enrolment and orientation at www.cqu.edu.au/international-arrival.
