2019 SCHOLARSHIPS GUIDE
CQUniversity Australia is dedicated to supporting you throughout your education and training. We offer a comprehensive range of scholarships, bursaries and awards providing opportunities and financial support to you, whether you’re just starting out or continuing your studies.

Receiving a scholarship or award can help you manage the cost of study, looks good on your résumé and may even open doors to other benefits, such as forming relationships with industry contacts, and creating opportunities for work experience and employment.

A common misconception is that scholarships are only available for students who perform well academically. However, CQUniversity’s range of scholarships and bursaries are tailored to meet the diverse needs and circumstances of our students. While some of our scholarships are indeed awarded on academic merit, others focus on a wide range of criteria, such as course of study, home location, commitment to community engagement and income status.

We encourage you to apply for and take advantage of the many scholarships on offer.

For more information, including all scholarship application closing dates, please visit cqu.edu.au/scholarships.
THANK YOU TO OUR PARTNERS

CQUniversity would like to thank and acknowledge the incredible generosity and kindness of our supporters who provide financial assistance to our students, helping them overcome hardship and achieve their dreams.

As Australia’s most inclusive university, we pride ourselves on the people we include and embrace. We educate the highest proportion of low socio-economic, first-in-family, Indigenous and mature-aged students of any Australian university. Many of the scholarships presented in this guide are funded by donations from our industry and community partners, alumni and friends of the University. Without their support, these scholarships would not be possible.

If you would like to partner with CQUniversity, please contact our Development team via email: ourpartners@cqu.edu.au or call: 07 4923 2875.

CQU is the University’s philanthropic arm that works closely with the community and business to help provide students with the opportunity to reach their full potential.

STUDENT SUCCESS FUND

At CQU, it’s our belief that every single person deserves to further themselves through education. Regardless of background. Regardless of circumstance. We are proud to have the highest ratio of students who are first-in-family, Indigenous, low socio-economic, mature-aged or from a disadvantaged background, compared to any other university in Australia. In fact, 45 per cent of our students are from a low socio-economic background. Many of these students face additional barriers during their study, with financial stress being one of the major obstacles preventing students from completing their qualification and reaching their full potential. Through the generous support of our donors, the CQU Student Success Fund provides deserving students without the financial means, the opportunity to reach their full potential.

ACADEMIC PRIZES

Supported by our generous donors, the CQU Prize Program rewards students’ dedication and achievement. Awarded annually, prizes inspire all students to work hard and do their best. They celebrate individual success and encourage shared excellence.

EMERGENCY GRANTS

CQU Emergency Grants provide urgent financial assistance to low income students experiencing financial hardship as a result of an emergency or unforeseen circumstance. Each $500 grant helps a student to cover expenses such as textbooks, rent, food and residential school travel. CQU Emergency Grants go a long way towards helping students in their time of need to continue their study.

‘The scholarship process is quick and easy, and they’re very supportive. You go online and choose the scholarship that you want to apply for, and it prompts you to fill out a form. You just write about your circumstances, submit a few documents and that’s pretty much done. Quite easy and straightforward.’
