This group includes students who may have undertaken or completed some VET or higher education study while still at school.

Work and life experience

Applicants who left secondary education more than two years previously (i.e. who are not classified as recent secondary education applicants) and have not undertaken VET or higher education study since then.

"Experience" could include a combination of factors sufficient to demonstrate readiness for higher education. Includes mature age entry, professional experience whether completion of the Special Tertiary Admission Test (STAT) is required or not, community involvement or work experience.

Applicants may have undertaken non-formal programs that have helped prepare them for tertiary education or are relevant to the proposed higher education field of study.
