Returning Officer

6.15 The Director, Governance shall nominate a Returning Officer for each election, and shall have the authority to appoint persons to assist in the conduct of any such election and in the performance of the duties of Returning Officer.
Establishment of Electoral Rolls

6.16 For each election to a University Committee, the Returning Officer shall establish electoral rolls as required. Electoral rolls most commonly used in University elections are the Academic Staff Roll, the TAFE Educational Employees Roll, the Professional Staff Roll and the Student Roll.

6.17 Each electoral roll shall contain the name of each person entitled to be on that roll. Each roll shall be established by the Returning Officer and shall be open to inspection by any person from the category of persons to be included on that roll. The rolls are to be kept in such form as the Director, Governance sees fit.

6.18 Any person who believes they are qualified to be included on a roll, and whose name has not been entered on that roll, may apply to the Returning Officer or Director, Governance to have their name included on the roll. If the Returning Officer or Director, Governance is satisfied that the applicant is entitled to be enrolled, the Returning Officer shall enter the applicant's name on the appropriate roll.

Notification of Forthcoming Election

6.19 When an election of a member of a University Committee is necessary, the Returning Officer shall notify all persons eligible to be on the relevant electoral roll that it is intended to conduct an election.

6.20 The normal method of notification to staff and students will be via their University e-mail address. The Director, Governance may, in addition, decide to publicise the election in appropriate newspapers.

6.21 The notice shall:
• state the number and categories of members to be elected
• invite nominations of persons for election. Such nominations shall be made in a form specified by the Director, Governance
• state that candidate statements are to be no longer than 500 words
• prescribe a date and time, which shall be not less than five days and not more than 21 days after the day on which nominations were called, by which nominations must be emailed to the Returning Officer nominated by the Director, Governance, and
• prescribe a date and time, which shall be not more than five days prior to the day on which nominations for the election close, at which the electoral roll for that election will be closed.

Nominations and Voting

6.22 The presence of a person's name on an electoral roll at the time and date specified for the closing of that roll, shall be the sole criterion for entitling that person to be nominated for election and to vote at the election for the category of membership.

6.23 Once voting in an election has commenced, a candidate will not be able to withdraw from candidacy.

Voting Procedures

6.24 If at the expiry of the date and time by which nominations for election must be delivered to the Returning Officer, the number of persons duly nominated does not exceed the number of such persons to be elected, the person or persons duly nominated shall be deemed to have been duly elected.

6.25 Where the number of nominations exceeds the number of vacancies to be filled, an election shall be conducted by an electronic vote.

6.26 The following shall be made available to each person entitled to vote:
• an electronic voting form which shall show the names of the candidates for election. The order in which the names appear shall be the same order as they are drawn by the Returning Officer
• a notice indicating that the voting form must be completed in the University's online elections system and prescribing a date and time by which the completed voting form must be submitted in order to be included in the count of the election, and
• where a candidate has supplied to the Returning Officer in the time specified by the Returning Officer a statement setting out the candidate’s University status and other qualifications for office, a copy of that statement.

6.27 In any election, an interval prescribed by the Director, Governance, of not less than five and not more than 21 days shall be allowed between the commencement of voting and the close of voting.

**Recording a Vote**

6.28 To record a vote, a voter shall click in the square opposite the name of each candidate the voter wishes to be elected, completing no more squares than there are vacancies to be filled. A voter may vote for fewer candidates than the total number of candidates to be elected.

**Counting of Votes**

6.29 The Returning Officer shall rely on the report provided by the online election system detailing the number of votes received by each candidate. This report will be produced automatically by the system immediately following the time scheduled for the close of voting.

6.30 The online election system will not permit more votes than are required to be cast by any voter. The system will only count votes cast by clicking in the square next to their name.

6.31 The candidate who has received the largest number of votes shall be declared elected. In the case of two candidates receiving the same number of votes, the Returning Officer shall draw lots in the presence of scrutineers to determine which of the two candidates is to be declared elected.

**Notification of Results**

6.32 The Returning Officer shall, as soon as practicable after the result of an election has been declared, publish the names of the candidates elected to the Committee by email, and shall notify the successful and unsuccessful candidates. The electorate may contact the Returning Officer by email to view the number of votes cast for each candidate.

**Invalidity**

6.33 No election is to be invalid by reason of:

• any defect in the title or want of title of any person by or before whom such election is held if such person really acted at the election, or
• any formal error or defect in any declaration or other instrument or in any publication made pursuant to these procedures or intended to be so made, or
• any such publication being out of time, or
• any delay in holding the election at the time appointed or in taking the poll, or
• any inadvertent failure to send to any person included in the roll any notice or voting paper, or
• any defect of a merely formal nature.

**Review**

6.34 The Director, Governance has the authority to determine all matters necessary for the conduct of elections. Where a staff member or student is aggrieved with a decision of the Director, Governance, they may seek a review of that decision by the Deputy Vice-Chancellor (Student Experience and Governance).
