5 POLICY STATEMENT

The provision, allocation and utilisation of CQUUniversity motor vehicles will be at the discretion of the Vice-Chancellor and President.

All aspects of CQUUniversity Vehicle management is facilitated by the International and Services Division. CQUUniversity vehicles consist of five categories of vehicles: Fleet Pool Vehicles, Commercial Vehicles, Specialised Vehicles, Salary Package Vehicles, and Senior Executive Package Vehicles.

CQUUniversity vehicles are to be acquired and managed by International and Services Division in consultation with other responsibility centers. If, by exception, a Responsibility Centre requires a vehicle, it must be approved in writing by the Vice-Chancellor and President prior to any acquisition being made.

The Financial Services Division and International and Services Division have responsibilities for managing Salary Package Vehicle administration and will from time to time issue guidelines in relation to Salary Packaged Vehicles.

All vehicles belonging to CQUUniversity will be used in accordance with the Motor Vehicle Procedures.

Vehicles are to be driven responsibly, in accordance with the Transport Operation (Road Use Management) Act 1995 observed at all times. CQUUniversity accepts no responsibility for infringement notices or fines of any type related to the CQUUniversity vehicle issued to the driver. Fines are the responsibility of the driver. CQUUniversity must be notified by the driver as soon as practical after an infringement occurs.

6.2 All drivers are responsible for the proper use of CQUUniversity vehicles.
