## 1 PURPOSE

- 1.1 CQUniversity manages a promotion system for academic staff that is fair, equitable and transparent, and recognises and rewards individual merit and achievement.
- 1.2 This document sets out the process for academic promotion to reward and recognise academic staff who have demonstrated outstanding achievements.

## 2 SCOPE

- 2.1 This policy and procedure applies to all CQUniversity academic staff, excluding honorary, adjunct, casual or sessional staff, clinical title holders, and visiting appointments. Fixed term staff are eligible for promotion.

## 3 POLICY STATEMENT

- 3.1 Academic promotions form part of CQUniversity's performance framework and align with the University's values and strategic and organisational goals.
- 3.2 CQUniversity is committed to a fair, transparent and rigorous academic promotions process based on individual merit and sustained achievement.
- 3.3 Academic staff who meet the criteria set out in this policy and procedure will be offered an opportunity to apply for promotion each year.
- 3.4 Promotion will be evaluated on evidence of performance in the areas of engagement (including social innovation), leadership, learning and teaching, research, and service.

- 3.5 Upon proven attainment of a relevant Doctoral Qualification, any fixed-term or continuing Level A academic staff member will be appointed to a minimum of Level A6 from the next pay period. Level A staff holding a relevant Doctoral Qualification and demonstrating satisfactory performance will automatically progress to level B1 after 12 months at Level A8.
- 3.6 Applicants must have participated in professional and career development discussions regarding their promotion aspirations and have the support of their supervisor prior to applying for promotion.
- 3.7 Applicants will be assessed on their demonstrated performance and outcomes in accordance with the [Central Queensland University Enterprise Agreement 2017](#), [Academic Profiles Document](#) and any other relevant governance documents.
- 3.8 The Academic Promotions Committee shall manage the promotions process in a confidential manner based on the [Academic Promotions Committee Terms of Reference](#) and in accordance with this policy and procedure.
- 3.9 The Vice-Chancellor and President may approve out-of-round promotions in exceptional circumstances.

### **Academic career path**

- 3.10 The [Enterprise Agreement](#) provides for career progression based on experience and achievement.
- 3.11 Academic staff normally apply for promotion to a higher academic level when they reach the top of the level at which they are appointed, and their achievements, performance and goals are supported under the Performance Review, Planning and Development (PRPD) and/or Performance Enhancement Program (PEP) process.
- 3.12 Academics who are not at the highest step of their academic level may apply for promotion if they reasonably believe their achievements and qualifications are sufficient to qualify them for the next academic level.

### **Academic promotion principles**

- 3.13 An academic promotions round will be conducted annually, generally from June to October.
- 3.14 Successful promotions take effect from 1 January the year following the promotion round.
- 3.15 An academic staff member may apply for promotion only once every two years unless invited to do so by the Academic Promotions Committee.
- 3.16 The outcome of previous applications for promotion is not relevant to a current promotion round.
- 3.17 Applicants can only be considered for promotion to the academic level specified in the application. For example, an application for promotion from Level B to Level D that is unsuccessful will not be considered for promotion to Level C.
- 3.18 Unsuccessful applicants in one year will be given advice by the Academic Promotions Committee about when a subsequent application is appropriate, but in no instance will this be more than two years.
- 3.19 Recommendations for promotion are made by the Committee to the Vice-Chancellor and President. Refer to the [Academic Promotions Committee Terms of Reference](#) for more information.
- 3.20 Applications must be submitted online by the specified closing date and may be rejected if not prepared according to the requirements set out in this policy and procedure. Late applications will not be accepted.
- 3.21 Applicants must submit an Expression of Interest in Applying for Academic Promotion (EOI) prior to submitting a full application. This EOI must be acknowledged by the applicant's Dean as evidence of support for an applicant's aspiration to promotion.
- 3.22 Applicants are responsible for ensuring the accuracy of their application and the availability of their referees.

3.23 Feedback will be provided to unsuccessful applicants by the Chair upon request.
