1 PURPOSE

- 1.1 This policy and procedure is designed to meet the University's admissions requirements, academic policies, quality assurance standards, accreditation requirements and relevant administrative systems.

The procedures and minimum requirements are aligned to ensure the assessment of entry requirements is effective, efficient and of a high quality.

2 SCOPE

- 2.1 This policy and procedure applies to students applying for direct entry and to students applying for admission to postgraduate coursework and undergraduate courses of CQUniversity through a Tertiary Admissions Centre.

3 POLICY STATEMENT

- 3.1 The University will set out procedures to be followed in making direct offers of admission and offers of admission through a Tertiary Admissions Centre to postgraduate coursework, undergraduate and enabling courses at CQUniversity.

4 PROCEDURE

Entry requirements – Domestic students

- 4.1 Application requirements for domestic students are as follows:
- a) Undergraduate places for domestic students are offered through the Queensland Tertiary Admissions Centre (QTAC), the Universities Admission Centre (UAC), the Victorian Tertiary Admissions Centre (VTAC) or the South Australian Tertiary Admissions Centre (SATAC), or through direct entry for Western Australia applicants and enabling students.
 - b) Applications for approved undergraduate courses, postgraduate coursework, honours, cross-institutional, single non award units, and enabling courses are assessed by the University for direct entry.
- 4.2 The Manager, Student Admissions and Advice may specify a minimum entry level below which places may not be offered, and may specify minima for individual courses and/or campuses.
- 4.3 Offers shall be made only through a Tertiary Admissions Centre or directly by the Manager, Student Admissions and Advice.
- 4.4 To be eligible for a place, an applicant:
- a) must have met the minimum criteria for Standard Admission as approved by Academic Board and specified by the University:
 - for year 12 applicants – OP or ATAR
 - for mature age applicants – Alternative Admission, or
 - for all other applicants – Special Admission
 - b) must have fulfilled to the satisfaction of the Manager, Student Admissions and Advice, any other requirements specified in Recommended Prior Study and Other Requirements for entry, e.g. audition or interview, and must meet the Academic Board approved [English Language Proficiency Requirements Policy and Procedure](#) including any course-specific requirements, and
 - c) must declare their citizenship status; applicants who provide inaccurate, incomplete, fraudulent or misleading information concerning their citizenship status shall have their offer of admission revoked.
- 4.5 Eligibility for admission into a course does not guarantee selection into a course.
- 4.6 The following considerations are given to applications for entry into quota-based courses.
- a) The Manager, Student Admissions and Advice, following consultation with the relevant Deputy Vice-Chancellor or Dean, will set a quota of places for each course and for each campus to be made available to applicants qualified for a domestic quota place and to full-fee paying students.
 - b) An agreed number of quota-based places will be allocated to STEPS/TEP graduates as determined by the Head of Course for each school and the Head of Course (STEPS/TEP) in accordance with the 'Requirements for Direct Entry' document.
 - c) Offers will be made to qualified applicants in order of merit until the quota set for each course is filled. In determining the order of merit, each applicant's qualifications will be assessed.
 - d) Persons enrolled as full-fee paying international or domestic students will not be eligible to occupy a Commonwealth-funded quota place.

Pathway courses and articulations

- 4.7 Students who have completed the Start Uni Now (SUN) course must have also successfully completed Year 12 or equivalent.
- 4.8 Students can articulate to CQUniversity by applying for direct admission and do not need to reapply through QTAC, UAC, VTAC or SATAC. Students should apply for direct admission when they are nearing the end of their Tertiary Institute course, when they have graduated from their Tertiary Institute course, or before the course closing date. Students who have completed the STEPS/TEP courses will gain entry in accordance with the established 'Requirements for Direct Entry' document.

- 4.9 CQUniversity offers a number of dual offer qualification courses in partnership with a number of Tertiary Institutes (i.e. registered TAFE institutes and other vocational education and training providers).
- 4.10 Students must successfully complete the Tertiary Institute component of the course (usually a Diploma or Advanced Diploma), prior to articulating to the university level component of their study with CQUniversity. Applicants must first apply for the dual qualification through a Tertiary Admissions Centre (QTAC, UAC, VTAC or SATAC).
- 4.11 Dual offer qualification courses provide students with a credit transfer from their Tertiary Institute study into university level study at CQUniversity. This shortens the length of study required to obtain a Bachelor degree. Once admitted, students can apply for a credit transfer by lodging a Credit Transfer Application form.
- 4.12 No offer will be made for a commencement date later than two years from the time the offer is made except in the case of students following a recognised articulation or pathway.

Admission of full-fee-paying applicants

- 4.13 The following individuals will not be eligible for Commonwealth supported place in a CQUniversity course:
- a) Australian citizens studying overseas for the duration of their course
 - b) New Zealand citizens living overseas, and
 - c) any person enrolled as a full-fee-paying international or domestic student.

Admission criteria – International students

- 4.14 To be eligible for admission, international applicants intending to study on a student visa:
- a) must undergo screening by the University to satisfy its determination of the 'Genuine Temporary Entrant' and 'Genuine Student' criteria as defined by the Department of Immigration and Border Protection (DIBP) prior to assessment of University entry requirements, and
 - b) must have met the Academic and English Language proficiency entry requirements for the course as stated in the CQUniversity [Student Handbook](#) and as approved by the Academic Board. International English Requirements are specified on the [CQUniversity International Website](#) as required by the *ESOS Act 2000*. For pathway courses additional information is required.

Exemption from prerequisites

- 4.15 An applicant who has undertaken study at another tertiary institution that, in the opinion of the Manager, Student Admissions and Advice or relevant Deputy Vice-Chancellor, is of a standard equal to or better than that specified by the University, may be exempted from such prerequisites and other requirements as they may determine.
- 4.16 An applicant who has successfully completed a similar level of academic study at a relevant institution may be eligible for relevant exemptions to their course of study.

Selection – International students

- 4.17 International students will be offered an international full-fee-paying place provided they have met the specified requirements for admission, there is a study place available at the campus of choice for them, and they hold an eligible Australian visa.

Offers for future entry

- 4.18 International students currently in Australia will not be offered for a commencement date more than one year in advance, except in the case of students following an approved recognised articulation or pathway.

Entry requirements

- 4.19 The University's Academic Board approves the academic entry requirements, including any English Language proficiency standards, to be met by students. All applicants must satisfy the requirements specified for admission by the University.

Non-award admission

- 4.20 A person who seeks to enrol for a unit or units but does not seek to enrol for a course leading to a degree or other award of the University may enrol only if the person would under this policy be eligible for admission to a place unless the Manager, Student Advice and Admissions determines otherwise. Clinical or placement units will not be considered.

Cross-institutional admission

- 4.21 Students enrolled in undergraduate or coursework postgraduate courses at other tertiary institutions may apply to undertake CQUniversity units for credit towards their award courses. Such students will be eligible for admission unless the Manager, Student Advice and Admissions determines otherwise. Clinical or placement units will not be considered.

Readmission of former CQUniversity students

- 4.22 This includes students who were previously enrolled with the Capricornia Institute of Advanced Education (CIAE), University College of Central Queensland (UCCQ), University of Central Queensland (UCQ), and Central Queensland University (CQU).
- 4.23 Students whose enrolment in a course has been cancelled, and who wish to recommence their studies in that same course, may apply directly to CQUniversity for readmission. Such students will be eligible for admission unless the Manager, Student Advice and Admissions determines otherwise. This clause does not apply to students in cases where:
- course quotas require students to reapply through a Tertiary Admissions Centre (QTAC, VTAC, SATAC or UAC), or
 - a period of 10 years or more has lapsed since the student first enrolled in the course (or its earlier equivalent course).
- 4.24 Students whose enrolment has been terminated under Monitoring Academic Progress Stage 3 and are applying for early readmission will only be considered for an early readmission if insufficient units are available in the specified term of re-enrolment to allow progression.

Change of course

- 4.25 Any student may apply for a change of course. To be eligible for a change of course, students must have successfully completed at least one unit in their current course, and be eligible for admission into the new course as per the relevant course requirements.
- 4.26 Domestic students may change their course by completing an Application for Change of Course form, except in cases where course quotas require students to reapply through a Tertiary Admissions Centre (QTAC, VTAC, SATAC or UAC).
- 4.27 International students may change their course by completing and submitting an Application for Change of Course through the International Admissions Online Application Portal.

Incomplete or inaccurate information and fraudulent documents

- 4.28 The Manager, Student Advice and Admissions may withdraw an offer and cancel an enrolment where a person has been granted a place or permitted to enrol in a course as a result of the applicant or a certifying authority providing incomplete, inaccurate or fraudulent information.

- 4.29 Applicants who submit confirmed fraudulent information will have a two-year exclusion period for admission. Fees paid may be forfeited.
- 4.30 Before deciding to withdraw an offer or cancel an enrolment, the Manager, Student Advice and Admissions must give the applicant an opportunity to explain inaccuracies, omissions or alleged fraud in the information provided, and take into account the extent to which the applicant contributed to the provision of the information and the stage reached in the applicant's course when the inaccuracies, omissions or alleged fraud were discovered.

Review

- 4.31 An unsuccessful applicant for a place, who considers the University failed to properly assess their application, may seek a review of their case by the Student Admissions and Advice Centre. If the unsuccessful applicant is dissatisfied with the outcome of the review, they may seek a further review by the Manager, Student Advice and Admissions.
- 4.32 An international student, who has been unsuccessful as a result of pre-screening against the genuineness criteria, may seek an informal review of their case by the International Admissions Manager. If the student is dissatisfied with the outcome of the review, they may seek a further review by the Director, International or their nominee.

Completion of studies

- 4.33 For the University's coursework courses, the maximum time for completing courses taken from the term of first enrolment in the course will be as follows:
- a) for a graduate certificate – three years
 - b) for a graduate diploma – five years (unless entering by articulation with a completed graduate certificate in which case the allowable completion time is two years)
 - c) for a coursework masters degree – eight years (unless entering by articulation with a completed graduate certificate/graduate diploma in which case the allowable time for completion is three years), or
 - d) for other courses – ten years, unless otherwise specified in the course rules.
- 4.34 The relevant Dean of School offering the course has discretion to allow a student to extend their enrolment in the course beyond the maximum time above. The relevant Dean of School may exercise that discretion in the student's favour where the student is within one or two units of completion of the award, will be no more than 12 months beyond the deadline, and has given a firm commitment to finish within the extended deadline.

5 RESPONSIBILITIES

Compliance, monitoring and review

- 5.1 The Deputy Vice-Chancellor (Student Experience and Governance) has responsibility for overall implementation of this policy and procedure. The Manager, Student Admissions and Advice is responsible for implementing the associated procedures and audit checks to ensure compliance with this policy and procedure.

Reporting

- 5.2 No additional reporting is required.

Records management

- 5.3 Staff must maintain all records relevant to administering this policy and procedure in a recognised University recordkeeping system.
